MEMO

TO: Mayor Blad and Members of City Council

FROM: Tom Kirkman, Director of Public Services

DATE: January 15, 2025

SUBJECT: Recommendation for Piggyback Purchase:
(1) 2025 CAT 265 Compact Track Loader

It is my recommendation that the City of Pocatello Street Services piggyback the competitively bid Sourcewell Contract #020223-CAT with Western States Caterpillar for the purchase of one (1) 2025 Caterpillar 265 Compact Track Loader. The vendor has agreed to allow us to piggyback this procurement at the contract cost of \$96,738.63. This amount has been budgeted for in the FY25 Street Services budget.

The paperwork from Western States Caterpillar honoring the piggyback price is attached for Council and Mayor approval. The Council may wish to authorize Mayor Blad to sign and execute the paperwork necessary to effectuate the procurement.

To: City Council and Mayor
From: Matt Kerbs, Deputy City Attorney

Re: Cooperative Purchasing of CAT 265 Compact Track Loader on
Sourcewell Contract #020223-CAT

I have reviewed the above referenced Sourcewell Contract and quote with Western States Caterpillar for procurement of one (1) 2025 Caterpillar 265 Compact Track Loader, and have no legal concerns with the Council approving the purchase, as permitted in Idaho Code §67-2807, and authorizing the Mayor to sign and execute the agreement.

TERMS AND CONDITIONS

1. OFFER TO SELL, METHODS OF ACCEPTANCE AND AGREEMENT TERMS: This Sales Agreement ("SA") is an offer for the sale of the equipment, vehicles, accessories and attachments described on the invoice (referred to generally as "equipment" or "goods") by Western States Equipment Company, an Idaho business corporation or its affiliates ("WSECO") to Customer under the terms and conditions specified herein. This offer may be accepted by (1) the execution of this SA by a representative of Customer or (2) Customer's verbal or written authorizations or conduct consistent with prior course of dealing between the parties authorizing WSECO to take action to fulfill this SA, or (3) the commencement of the manufacture or shipment of the goods specified in this SA, whichever of the foregoing first occurs.

Acceptance of this SA is limited to the express terms stated herein. Any proposal in Customer's acceptance for additional or different terms or any attempt by Customer to vary in any degree any of the terms is objected to and hereby rejected, but such proposals shall not operate as a rejection of this offer, unless such variances are in the terms of the description, quantity, price, delivery schedule, or payment schedule of the goods, but shall be deemed a material alteration of this SA and this SA shall be deemed agreed to by WSECO without said additional or different terms. Once accepted, this SA shall constitute the entire agreement between WSECO and Customer. WSECO is not bound by any representation or agreements, express, or implied, oral or otherwise, which are not stated within this SA or contained in a separate writing supplementing this SA and signed by authorized agents of both WSECO and Customer. This SA will supersede all previous communications, agreements, and contracts with respect to the subject matter hereof and no understanding, agreement, term, condition, or trade custom at variance with this SA will be binding on WSECO. No waiver or modification of the terms and conditions hereof will be effective unless in writing and signed by both Customer and WSECO.

2. PAYMENT TERMS: Customer agrees to pay the sales price for the equipment, less any net trade-in allowance, in accordance with the payment terms as all stated on the invoice. The sales price is offered F.O.B. at WSECO's designated facility as stated on the invoice and Customer is responsible for all shipping charges as provided in this SA. Customer is also responsible for paying all applicable sales, use or any other applicable taxes levied or assessed on the equipment by any federal, state or local governmental authority, unless Customer provides WSECO an appropriate exemption certificate as stated on the invoice. In the event that Customer fails to pay any applicable tax or other charge as agreed herein or fails to provide a valid exemption certificate, Customer agrees to indemnify and hold WSECO harmless from any liability and expense by reason of Customer's failure to pay said taxes or assessments, including, but not limited to, WSECO's reasonable attorney's fees and costs and other necessary legal expenses resulting from such failure.

3. GRANT OF SECURITY INTEREST, AUTHORIZATION TO FILE STATEMENT AND PROTECTION OF COLLATERAL: Until the Customer pays the total sales price and additional charges as provided in this SA, Customer hereby grants WSECO a security interest in and to the equipment and all additions, replacements, substitutions, and proceeds of the same ("Collateral") to secure payment of the sales price and any and all other amounts owed or owing by Customer to WSECO under this SA or otherwise. Customer authorizes WSECO to file financing statement(s) evidencing this security agreement and the collateral subject thereto and to take all steps necessary to perfect WSECO's interest in the equipment.

Customer agrees to execute any documents required by WSECO to evidence and perfect such security interest. Customer hereby appoints WSECO as its irrevocable attorney-in-fact for the purpose of executing any documents necessary to perfect or to continue the security interest granted in this SA. Customer will reimburse WSECO for all expenses for the perfection and the continuation of the perfection of WSECO's security interest in the Collateral. Customer promptly will notify WSECO before any changes in Customer's name including any changes to the assumed business names of Customer.

Customer, upon WSECO's request, will deliver to WSECO a schedule of the locations of the Collateral and agrees to update the list upon WSECO's further request. Customer will not commit or permit damage to or destruction of the Collateral or any material part of the Collateral. WSECO and its designated representatives and agents shall have the right at all reasonable times to examine and inspect the Collateral. Customer shall immediately notify WSECO of all cases involving the loss or damage of or to any material portion of the Collateral and generally of all material happenings and events affecting the Collateral.

4. INSURANCE: Customer shall not move, load, transport or otherwise handle the equipment on WSECO's premises without first having obtained insurance coverage. Customer shall carry all risks insurance on the equipment, including, without limitation, fire, theft and liability coverage with such other insurance as necessary to protect Customer's and WSECO's respective interests in the equipment. As long as any portion of the sales price is outstanding, Customer will deliver to WSECO from time to time the policies or certificates of insurance in forms satisfactory to WSECO, showing WSECO as an additional insured and including stipulations that coverage will not be cancelled or diminished without at least fifteen (15) days prior written notice to WSECO.

5. TIME OF DELIVERY AND SHIPPING: Orders for equipment are processed in the order of their acceptance by WSECO and WSECO will use its reasonable efforts to deliver the equipment to Customer on the scheduled delivery date as stated on the invoice. However, shipping and delivery dates are acknowledged to be estimates only and dependent upon many factors outside of WSECO's control including, but not limited to, the manufacturer's production schedule, material and labor shortages, shipping delays and various other unrelated factors. WSECO is not liable for delays or damages caused by delays in delivery or shipment of the equipment, unless stated on the face of the invoice to the contrary. Customer is responsible for all freight, shipping, loading and unloading costs.

6. RISK OF LOSS/SHORTAGES/REJECTION OF GOODS: Risk of loss of the goods shall pass to Customer as soon as the goods are properly loaded on the carrier. WSECO's responsibility for shipment ceases upon delivery of the goods to a transportation company. Any claim by Customer for shortage in shipment shall be made by written notice to WSECO within fifteen (15) days after receipt of the shipment. It is specifically agreed that the risk of loss shall not be altered by the fact that the conduct of either party hereto may constitute a default or breach and shortage in shipment is not deemed to constitute a nonconformity.

All equipment or goods shall be subject to the standard manufacturing and commercial variation and practices of the manufacturer thereof. In the event of shipment of non-conforming goods, WSECO shall be given a reasonable opportunity to replace the goods with those which conform to the order. Any notices pertaining to rejection or claims of nonconformity must be made in writing specifying in detail Customer's objections and such notices must be delivered within fifteen (15) days after delivery of the goods. It is agreed that in the event of rejection, Customer will store the goods or reship the goods to WSECO. Should Customer use the equipment or goods, such use shall be deemed an unequivocal acceptance of the goods. If Customer accepts goods tendered under this SA, such acceptance shall be final and irrevocable; no attempted revocation shall have any effect whatsoever.

7. ASSIGNMENTS: No right or interest in this SA shall be assigned by Customer without the written permission of WSECO, and no delegation of any obligation owed or of the performance of any obligation by Customer shall be made without written permission of WSECO. Any attempted assignment or delegation by Customer shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph.

8. NO WARRANTY: Unless provided otherwise on the invoice, the equipment is purchased "AS IS" and there is no other agreement with Customer regarding the equipment other than what is stated in this SA and in any credit instrument and/or guaranty between Customer and WSECO. There are no other warranties, express or implied, for any equipment, product, service, or other items sold or furnished under this SA unless agreed to in writing between Customer and WSECO. **WSECO DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

9. EQUIPMENT FAILURE/LIMITATION OF REMEDIES: If, for any reason, the equipment does not perform satisfactorily, as judged by WSECO in its sole discretion, WSECO may repair or replace the equipment or any part thereof, at its option, without affecting any of the terms of this SA. This remedy does not apply if the equipment has failed or performs less than satisfactorily due to improper use of the equipment, accident (including, damage during shipment), neglect, abuse, misuse or exposure of the equipment to conditions beyond capacity, power, environmental design limits or operation constraints specified by WSECO or the equipment manufacturer. Customer is responsible for all expenses related to repair or replacement due to these causes. **THE REMEDIES IN THIS PARAGRAPH ARE CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES AGAINST WSECO.**

10. LIMITATION OF LIABILITY: Notwithstanding trade customs or prior course of dealing to the contrary, in no event will WSECO, its subsidiaries, affiliates, agents or employees be liable for any incidental, indirect, special, or consequential damages in connection with or arising out of this SA or furnishing of any goods, services or other items or any third party's ownership, maintenance, or use of any goods, services or other items furnished under this SA, including, but not limited to, lost profits or revenues, loss of use of the equipment or any associated goods, damage to associated goods, costs of capital, cost of substitute goods, or claims of Customer's clients for such damages. Customer's sole remedy, for any liability of WSECO of any kind, including but not limited to negligence, with respect to any equipment, service, or other item is limited to that set forth in the paragraph entitled "EQUIPMENT FAILURE/LIMITATION OF REMEDIES" of this SA. WSECO is not responsible for meeting any federal, state, local or municipal code or specification (whether statutory, regulatory or contractual), unless Customer specifies it in writing and WSECO agrees to it in writing. Customer agrees that it has relied on its own judgment and particular needs and that it does not rely upon any statements or representations made by WSECO. This liability for performance under any manufacturer warranty program rests solely with the actual manufacturer and WSECO has no liability or responsibility for performance thereunder.

11. FORCE MAJEURE: WSECO shall not be responsible or liable for any delay or failure to deliver any or all of the goods and/or performance of the services where such delay or failure is caused by any act of God, fire, flood, inclement weather, explosion, war, insurrection, riot, embargo, statute, ordinance, regulation or order of any government or agent thereof, shortage of labor, material, fuel, supplies or transportation, strike or other labor dispute, or any other cause, contingency, occurrence or circumstance of any nature, whether or not similar to those herein before specified beyond WSECO's control, which prevents, hinders or interferes with manufacture, assembly or delivery of the goods or performance of the services. Any such cause, contingency, occurrence or circumstances shall release WSECO from performance of its obligations hereunder.

12. INDEMNITY: Customer agrees to indemnify and hold WSECO harmless from and against any and all claims, actions, suits, proceedings, costs, expenses, damages (including but not limited to consequential and incidental damages), liabilities, fees (including, but not limited to, attorney fees and court costs), and settlements, (including those brought or incurred by or in favor of Customer's employees, agents and subcontractors), arising out of or related to the selection, delivery, loading, unloading, towing, possession, use, operation, handling or transportation of the equipment. Customer agrees to defend, at its expense, any and all suits brought against WSECO either alone or in conjunction with others and additionally to satisfy, pay and discharge any and all judgments and fines against WSECO in any such suits or actions, whether based in negligence or otherwise.

13. DEFAULT BY CUSTOMER: An event of default shall occur if (a) Customer fails to pay when due the sales price; (b) Customer fails to perform or observe any covenant, condition, or agreement to be performed by it hereunder; (c) Customer ceases doing business as a going concern, makes an assignment for the benefit of creditors, admits in writing an inability to pay debts as they become due, files a petition in bankruptcy, or if its owners, shareholders or members of Customer take actions towards dissolution or liquidation of Customer; (d) Customer attempts to sell, transfer, or encumber, sublease or convey the equipment or any part thereof prior to paying the full sales price; or (e) WSECO, in good faith deems itself, insecure relative to payment of the sales price.

Upon the occurrence of any event of default, WSECO may exercise the following rights and remedies: (i) declare the sales price immediately due and payable; (ii) require Customer to assemble the equipment and make it available to WSECO at a place and time designated by WSECO; (iii) WSECO shall have full power to enter upon the property or jobsite of the Customer and take possession of and remove the equipment; (iv) WSECO shall have full power and authority to sell, lease, transfer or otherwise deal with the equipment or proceeds thereof, and in connection therewith WSECO may bid on the goods or equipment and that a commercially reasonable price for said reclaimed equipment may be determined by WSECO based upon current national auction values, market trends relating to supply and demand, and related factors for goods of similar type and condition; (v) if WSECO chooses to sell or lease the reclaimed equipment, WSECO may obtain a judgment against Customer for any deficiency remaining on the sales price after application of all amounts received from the exercise of its rights under this SA; and (vi) all rights and remedies of a secured creditor under the provisions of the Idaho Uniform Commercial Code, as amended from time to time. All of WSECO's rights and remedies, whether evidenced by this SA or other related agreement, shall be cumulative and may be exercised singularly or concurrently. Customer agrees to pay all costs incurred by WSECO in enforcing this SA or any of its provisions, including without limitation reasonable attorney's fees and costs and all costs of reclaiming the goods, whether or not legal action is commenced.

14. JURISDICTION AND VENUE: This SA and the relationship between WSECO and Customer shall be governed and construed according to the laws of the State of Idaho. At the sole and exclusive election of WSECO, jurisdiction and venue for any action or dispute arising under this SA shall be in the in the Fourth Judicial District of the State of Idaho, in and for Ada County, which is WSECO's corporate headquarters and principal place of business, wherein the parties acknowledge having done business sufficient to establish minimum contacts under the Idaho long arm statute, and which is a mutually convenient forum. In addition, Customer waives any and all rights to jurisdiction and/or venue in any other forum, including waiver of any and all rights to remove the action from any court originally acquiring jurisdiction.

For the "Power Train", "Power Train Plus Hydraulics", and "Full Machine" Extended Coverage, Scheduled Oil Sampling (SOS) must be taken by the owner at Caterpillar recommended intervals and sent to Western States Equipment. Failure to do so could jeopardize the Extended Coverage and result in shared liability on a pro rata basis if SOS could have predicted or reduced the cost of a covered failure. Note: Any malfunction of the service meter shall be reported within 30 days of said malfunction in writing, or this agreement is null and void.

Power Train Extended Coverage: The following components are covered. If a component is not listed, it is not covered. 1) ENGINE: basic engine including engine components essential to engine operation (i.e., fuel pump, oil pump, water pump, turbocharger, governor, engine control module, etc.). 2) TRANSMISSION: includes transmission pump and hydraulic controls. 3) TORQUE CONVERTER/DIVIDER. 4) DRIVE LINE: includes pinion and bevel gear. 5) TRANSFER GEAR GROUP. 6) DRIVE AXLES. 7) FINAL DRIVES. 8) HYDRAULIC DRIVE PUMPS AND MOTORS: on hydraulic excavators and machines equipped with hydrostatic drive or differential steering, including hydrostatic lines between the pump and motor. 9) BRAKE COMPONENTS for track-type loaders and tractors, only if they also provide steering. 10) STEERING CLUTCH COMPONENTS: on track-type loaders and tractors, if so equipped. 11) DIFFERENTIAL STEERING COMPONENTS: includes differential steer planetary group, pump, motor and pilot valves. 12) VIBRATORY COMPONENTS: on vibratory compactors. This includes the drive shaft group, sheave groups, and clutch group. This excludes bells, chains and rotor brakes. 14) ELECTRONIC CONTROLS AND SENSORS: which function to direct power for moving the machine. This includes power shift controls, engine pressure controls, differential lock, and fingertip controls. Also includes the wiring connectors that are part of the designated power train components.

Full Machine Extended Coverage: All of the listed items included in the POWER TRAIN and POWER TRAIN PLUS HYDRAULICS coverage, plus all attachments/accessories that were installed on the product before delivery which are not covered by another warranty. For the appropriately indicated hours and months of coverage on the face of this document (whichever expires first). Governmental application "Full Machine Failsafe Coverage" will also include all fluid filters and pre-paid SOS as prescribed by Caterpillar's recommendations and a 95% machine availability as recorded by owner. Scheduled Hours Available for Work (numerator)

Scheduled Hours (denominator)

The machine availability will be evaluated at 12-month intervals. If machine availability is below 95%, Western States Equipment will reimburse owner \$25.00 per hour for the hours necessary to "enhance" availability to the 95% level.

Note: "Power Train", "Power Train Plus Hydraulics", and "Full Machine" coverage continue (unless transferred or terminated as per Section C or G below) until the expiration of the hours or months listed on the face of this document. The coverage period ends after reaching the specified number of months selected, or when the machine's hour meter reaches the specified number of hours limitation selected, whichever occurs first. Extended Coverage is available only through Western States Equipment for Caterpillar Equipment.

CONTRACT

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and **Caterpillar Inc.**, 5212 N. O'Connor Blvd., Suite 1100, Irving, TX 75039 (Supplier).

Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for **Medium Duty and Compact Construction Equipment with Related Attachments** from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires April 17, 2027, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.
- C. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

Pursuant to Section 10(b), Supplier will subcontract certain obligations under this Contract to its dealers. Only those dealers that sign a Participation Agreement with Supplier obligating them to comply with the terms of this Contract will be eligible to provide Equipment, Products, or Services as a subcontractor under this Contract. In the event there is no dealer who has entered into a Participation Agreement available to provide Equipment, Products, or Services to a Participating Entity, Supplier will be under no obligation to provide Equipment, Products, or Services to such Participating Entity under this Contract. Supplier will provide a copy of this Contract to its dealers that would normally service Participating Entities and invite such dealers to enter into a Participation Agreement as a subcontractor of Supplier under the terms of this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price percentage list discount stated in Supplier's Proposal.

Upon request made to a participating CAT dealer, from a Participating Entity identifying themselves as a Sourcewell member by providing their Sourcewell member number and contract number; formal quotes will list all costs, including all delivery expenses, such as freight and permits (when required). Alternatively, Participating Entities may choose to make their own transportation arrangements. In such case, there would be no delivery charges from the local participating Cat dealer.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. **SALES TAX.** Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. **HOT LIST PRICING.** At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

B. Supplier may not enter into a contract with a U.S. Federal Government entity prior to obtaining necessary internal approvals and shall not be obligated to provide Equipment, Products or Services to any U.S. Federal Government entity under this Contract unless separately agreed in writing. Supplier may work with such parties and may agree to provide equipment or services under the Contract on a case-by-case basis.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcewell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcewell. Sourcewell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

C. **PUBLIC FACILITIES.** Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. **ORDERS AND PAYMENT.** To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcewell and Supplier. Typically, a Participating Entity will issue an order directly to Participating Dealers with payments made to the Participating Dealers. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcewell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcewell will have no liability for any unpaid invoice of any Participating Entity.

B. **ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM.** Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier's Participating Dealer, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier's Participating Dealer or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. **SPECIALIZED SERVICE REQUIREMENTS.** In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcewell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. **BUSINESS REVIEWS.** Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. **CONTRACT SALES ACTIVITY REPORT.** Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;

- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid. Provided, however, that Supplier is permitted to subcontract certain of its rights and obligations to Supplier Participating Dealers for performance without Sourcewell's prior written consent.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. 3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. **DEFAULT AND REMEDIES.** Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	The history of Caterpillar is all about doing: creating, building, problem solving, innovating, testing, servicing and improving. We're proud of the ingenious machines that are part of our rich heritage. More importantly, we are proud of the people who founded and built the company one breakthrough at a time. Beginning with Benjamin Holt and C. L. Best, the people of Caterpillar have always been - and continue to be - extraordinary. In 1925 when Holt and Best merged to form their new tractor company, they used the name Caterpillar, which had become familiar with people around the world. The name was registered in 1910 by Holt and placed on his tractors to reflect the undulating movement the machine made as it crawled across the field like a caterpillar. With 2022 sales and revenues of \$59.4 billion, Caterpillar Inc. is the world's leading manufacturer of construction and mining equipment, off-highway diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. For nearly 100 years, we've been helping customers build a better, more sustainable world and are committed and contributing to a reduced-carbon future. Our innovative products and services, backed by our global dealer network, provide exceptional value that helps customers succeed. Caterpillar does business on every continent, principally operating through three primary segments – Construction Industries, Resource Industries and Energy & Transportation – and providing financing and related services through our Financial Products segment. Our Worldwide Code of Conduct, first published in 1974, defines what we stand for and believe in, documenting the uncompromisingly high ethical standards our company has upheld since its founding in 1925. The Code helps Caterpillar employees put our values and principles into action every day by providing detailed guidance on the behaviors and actions that support our values of Integrity, Excellence, Teamwork, Commitment and Sustainability. Caterpillar's Code of Conduct that can be found at https://www.caterpillar.com/en/company/code-of-conduct.html
11	What are your company's expectations in the event of an award?	Caterpillar is honored to have served Sourcewell and its members who have purchased Cat® construction equipment, attachments (work tools), and electrical power generation products through Sourcewell since 2008. Furthermore, we are proud to have earned the Sourcewell Legacy Award in 2019, and have recently been awarded contracts 060122-CAT and 092222-CAT. Caterpillar's expectations in the event of an award would be to focus on customer needs and continued growth across all governmental segments. Sourcewell has built a strong reputation within the industry that has shown the importance of how this cooperative contract delivers upon customer needs. This contract will be a top factor in our go to market strategy within our strong Cat dealer network. If awarded, we will send out an email to our entire sales force, applicable to governmental, introducing the contract along with ways to train our salesforce, market, and grow the contract. We look forward to the opportunity to further grow business and serve member needs together in this new Medium Construction Equipment RFP opportunity.

15	Has your business ever petitioned for bankruptcy protection? If so, explain in detail.	No.
16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? Answer whichever question (either a) or b) just below) best applies to your organization. a) If your company is best described as a distributor/dealer/reseller (or similar entity), provide your written authorization to act as a distributor/dealer/reseller for the manufacturer of the products proposed in this RFP. If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Caterpillar is a world class manufacturer which distributes products through a vast and capable independent dealer network. Cat dealers are strong independently owned companies and in North America alone our 47 dealers have a combined net worth of billions of dollars. Their large valuation is a competitive advantage because it allows them to have the infrastructure to support customers regardless of location, industry, fleet size, or application. Another advantage of independently owned dealers is that they know their customers and market well. They tailor their services specifically to their customers' needs. Although we will sign this contract as a manufacturer, our Cat dealers will be given the opportunity to avail themselves of the opportunity presented by the contract and will execute all the transactions with governmental customers as they do today. This includes but is not limited to consultation, quoting, accepting payment, delivery, warranty support, parts sales, and service. Caterpillar dealers heartily embrace the other Sourcewell contracts currently available to them (032119-CAT, 092222-CAT, 062320-CAT, 060122-CAT). They have all been trained on contract usage. In fact, the current Heavy Equipment contract is leveraged by 95% of our dealers in North America. Caterpillar offers specific discounts to Sourcewell members. By using any Sourcewell Contract, our dealers agree to honor those discounts.
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP.	Caterpillar and its subsidiaries operate across the globe in a variety of markets that require Caterpillar to adhere to all locally mandated laws and regulations in order to do business. With regards to the territories covered by this RFP, Caterpillar will comply with applicable laws in order to do business in the territories described herein. As an equipment manufacturer focused on quality, Caterpillar created the Caterpillar Quality Management System, which is a process-based, ISO 9001:2015 compliant quality management system used throughout Caterpillar to continually improve the quality of our products and services to meet customer, statutory, and regulatory requirements. It is registered with IRCA (International Register of Certificated Auditors) as Caterpillar Quality Management System CAT791A.

26	Sales force.	The Cat dealer salesforce is highly capable and trained in the construction industry. The Cat dealer salespeople are consultants to their customers and advise their customers on the best solutions for their application and job. As a manufacturer we request our dealers to follow strict training protocols to ensure our sales force remains current on all product updates. Specifically, as it relates to governmental sales, each dealer has one or more people named to be a key liaison between us as manufacturer and their dealer sales team. They're offered additional in depth training on Sourcewell and ensures that all contract terms are followed. Caterpillar has Operational Excellence Programs that recognize dealers' excellence in marketing and sales processes and operations, among other areas of the business. In North America, Cat dealers employ more than 53,000 people across the machine, energy, parts and service divisions. The dealer sales teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5 to 8 Caterpillar sales/marketing employees. It is the responsibility of these people to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the sales and marketing department at Caterpillar is staffed by more than 600 people whose mission is to focus on customer satisfaction. Even more are employed "behind-the-scenes" to ensure industry leading product design, up to date product information, and maintaining the ease of doing business in an increasingly connected marketplace.
27	Dealer network or other distribution methods.	The Cat dealer network is key to the success of our company. Boasting 160 dealers throughout 193 countries worldwide, the Cat dealer network is widely considered to be the best in industry. Within Canada and the United States, we have 47 dealers and more than 800 dealer owned locations that sell and rent equipment. Please refer to our directory listing of Cat dealer locations and our easy to view locations map in the attached "Additional Documents" zip file. Cat dealers are independently-owned. Each dealer has multiple branches and a mobile service fleet than can serve customers regardless of location. These are full physical locations our governmental customers can use. Because of the size of Cat dealers, they are exceptionally capable to serve governmental customers. Dealers have trained specialists that cover many industries including heavy equipment. Collectively, Cat dealers' large net worth permits them to stock a high volume of replacement parts - allowing governmental customers the fastest turnaround on parts availability and repair time. Cat dealers recognize the importance of governmental business to their overall success and they each have one or more governmental specialists whose job it is to serve governmental agencies well. Please refer to the Cat dealer locations map included in "Additional Documents". Additionally, you can leverage https://www.cat.com/en_US/support/dealer-locator.html to locate dealers by location.

28	Service force.	At Caterpillar we are very proud of the saying "The sales department sells the first machine; the service department sells every one after that." The Cat dealer network in North America collectively employs more than 20,000 factory trained technicians, parts experts, product support managers and other service-oriented staff. These subject matter experts are supported by the best repair shop equipment and materials. As machines and engines are constantly updated, so too are our service experts. We conduct product-specific training every week of the year. Technician shortage is an industry-wide concern, but because Cat dealers are large, long established companies, they can offer strong compensation and benefit packages that encourage the best people to seek employment and to retain them once hired. Caterpillar works very closely with dealers and through a program called "ThinkBIG", we are able to keep the pipeline of high quality employees full. ThinkBIG is a Caterpillar-specific instructional program that pays the student while they train to become a technician. It is a 2-year program with lab and classroom work, and a paid internship at a sponsoring Cat Dealer. As a result, the student will graduate with an accredited degree backed with over 2,000 hours of work experience. In addition to the technicians and mechanics that work on the machines directly, each dealer has a service support staff that includes customer-facing consultants who are responsible for working with customers to set up maintenance and repair schedules to ensure the best possible up-time. Collectively, service support staff makes up the bulk of each dealers' staff. Roughly half of their personnel investment goes to ensuring customer success via product support. The dealer service teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5 to 8 Caterpillar parts/service employees. It is the responsibility of these specialists to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the service and support groups at Caterpillar are staffed by thousands of people whose mission is to focus on post-sale customer satisfaction. Even more are employed "behind-the-scenes" to ensure technical literature is up to date, service standards are adhere to and repair questions are answered quickly. We exceed our 95% 2-hour response rate target in responding to dealer service inquiries.
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our simple order process has been and will continue to be well appreciated by Sourcewell and Sourcewell members: 1) When a member decides to purchase a new Cat machine, they simply include their Sourcewell member number on the Purchase Order they issue to the Cat dealer. 2) The Cat dealer then accepts the PO, issues the invoice, accepts payment and delivers the machine. 3) After the machine has been delivered, the dealer, as part of their normal process, includes the member number when filing their sales claims with Caterpillar. 4) At month's end, Caterpillar aggregates these reports and sends the sales information quarterly to Sourcewell along with the administrative fee. IMPORTANT NOTE: Should a member wish to include additional terms and conditions to this contract, or to otherwise request a Participating Addendum, that agreement / PA should be executed between the member and Cat dealer directly.

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	We are proud that our reputation stands on having the best customer support in the industry. In fact, our capabilities are industry leading. In the event a customer ever has a problem or issue with a machine, their Cat dealer is empowered to resolve that issue locally. If the problem is a result of a defect in material or workmanship, within the standard warranty period, the local Cat dealer will work with Caterpillar to apply the appropriate warranty, and keep the customer informed. Every Cat dealer has a common detailed service process in place. Caterpillar supports and verifies that all the dealer service technicians are supplied with the tools and equipment needed to repair all Cat products. Technicians have access to an electronic library of technical information including Service Letters, Technical Information Bulletins, System Operations, Troubleshooting and Disassembly and Assembly manuals. These manuals are provided for every Cat product. Each dealer also has one or more "Technical Communicators" who are dedicated to supporting the service technicians by acting as a liaison between the shop personnel and Caterpillar. The service technicians also have a dealer support network (DSN) system with direct access to Caterpillar's Service Engineers. Caterpillar responds to more than 95% of all high priority tickets within one hour. Caterpillar is got everything customers need to keep their Cat machines in top shape. Whether they want Genuine Cat parts, manuals and resources to do maintenance and repairs themselves, or prefer to have one of our expert dealer technicians do the work. We make it easy to keep their Cat equipment running. Some of our service solutions include: -Cat Fleet Management (Condition Monitoring) - Lowers the total cost of ownership of machine. By connecting your fleet, you will be able to: track the location of your assets, monitor & manage the fuel consumption, identify the operators who would need extra training, and plan & schedule your maintenance. All of which will maximize your uptime. -Customer Value Agreements (CVA) - Customizable plans for your equipment new or used - to do more work with lower, more predictable costs. It's a convenient plan to get the most from your equipment throughout its life. Examples of CVAs may include but are not limited to: Maintenance CVAs, Component CVAs, and Machine CVAs. -S•O•S Services - A fluid analysis program that provides results that you can trust including trend analysis that provides benefit to your machine and fleet. -Cat Inspect - A digital way to perform checklists, pre-work inspections, annual inspections and PM checklists. Caterpillar's cooperative purchasing contracts are non-exclusive; i.e. none of them restrict Caterpillar from promoting our Sourcewell contracts.

We provide group and individual training to our dealer sales reps, focusing on benefits from selling through cooperative contracts vs bids. We proudly announce the award publicly through our multiple customer facing touchpoints which may include: 1) Press Release 2) Government Solutions Magazine (Caterpillar produced magazine distributed to governmental customers in the US and Canada) 3) Government Training & Safety Days (Government customer training events at Caterpillar facilities) 4) Announcement in our governmental customer e-newsletter 5) Feature on our governmental focused website: www.cat.com/governmental 6) Announcement on our social media channels (FB, Instagram, LinkedIn) 7) Display mentions at all governmental tradeshows we attend. (An updated version can be found within our attached marketing plan attachment.)
37	Describe your use of technology and digital data (e.g., social media, metadata usage) to enhance marketing effectiveness:	Caterpillar and the Cat dealer network are leaders in using technologies to reach our customers. - Focus on organic search and Search Engine Optimization (SEO) to help our customers digitally find our products and the information they need. - Leverage Caterpillar's social media platforms (YouTube, Facebook, LinkedIn, Instagram, etc) and ability to target governmental segments. - Leverage predictive data analytics (past purchase history and financing information) to recognize in advance when customers may be considering replacing machines they currently own. - Leverage Deltek's GovWIN data in the US and Canada for governmental lead generation. Caterpillar has a Customer Interaction Center available 24/7 who handles digital leads received from cat.com, social media, etc. Our team qualifies those leads and passes them on to our Cat Dealer network using the Salesforce platform (Customer Relationship Management system). We have processes that allows us to confirm our Cat dealers have reached out to those customers.
38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell is a well-respected contracting agency within the public procurement industry. It is important, in the event of an award, that our products and logos be included in Sourcewell marketing and website. We believe that the most important role that Sourcewell can play in marketing our contract and products, is to market themselves and promote contract purchasing across the industry. In the event of an award, Caterpillar will put high priority in building awareness and enthusiasm within our dealer network and customer base to leverage the Sourcewell contract as our go to market strategy.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do offer a e-procurement ordering process for parts via parts.cat.com. We can also integrate into a variety of procurement systems for high volume customers. Our wide machine portfolio and multiple configurations per machine model allows us to provide the best machine for the customer need. Our Cat dealers are trained to configure our equipment and advise the customer on the best machine and configuration for their application. Therefore, a consultative salesperson is integral in this process, and we do not use an e-procurement machine ordering process.

44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Caterpillar has long drawn on the diversity of its people as a source of innovation and competitive advantage. We are proud that our people come from across the globe, with diverse backgrounds, experiences and perspectives. Despite our differences – in geography, culture, language and business – we are one Caterpillar, one company united by these common principles with a shared commitment to the highest standards of conduct. For example: Foley Equipment, a Cat dealer, with territory primarily in Kansas and Missouri, is woman owned. In addition to Foley equipment, there are 31 other women in our North American dealer network who hold the titles of President, Vice President or Director. One of the more recognized initiatives within Caterpillar's Global Supply Network Division is the Caterpillar Inc. Proprietary Information Supplier Diversity Program which spurs economic growth by increasing business opportunities to minority-owned, women-owned, veteran and service disabled veteran-owned, small disadvantaged businesses and those certified in HUBZones, all while ensuring expectations are met with regards to quality, velocity, capacity, and cost. Currently more than 37% of our direct and indirect purchasing is conducted with suppliers in these categories. Caterpillar is a proud member of the National Minority Supplier Development Council (NMSDC). We also use the System for Award Management (SAM), SBA, and NMSDC databases to locate SDB, VOSB, SDVOSB and HUBZone suppliers. Supplier Diversity is discussed with Global Supply Network Division leadership during the Monthly Operating Results Review meetings. This in turn forces accountability for supplier inclusion by measuring drivers, such as the number of sourcing projects, which include Divers Suppliers and the values of the projects in which they participate. The goal is to create greater transparency to determine which teams are creating inclusive environments and which are not. For more detail, please see our attached 2021 Global Diversity & Inclusion Report in the Additional Documents folder,

45	What unique attributes does your company, your products, or your services offer to Sourcwell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcwell participating entities?	BEST OVERALL VALUE / LOWEST LIFE CYCLE COST: Cat products deliver the best value for the money. While we rarely have the lowest initial purchase price, we are happy to demonstrate to customers that our machines offer the lowest overall owning and operating costs when factors such as fuel efficiency, repair frequency, productivity, and resale value are factored in. We believe that government agencies are tasked to be the best stewards of taxpayer funds and our products can prove that they are the best solution. Sourcwell members are in the best position to allow these discussions to take place in contrast to a local bid situation where the focus is often only on initial price. CAT SAFETY SERVICES / SAFETY FEATURES: In addition to the tangible, measurable aspects of the life cycle cost equation, we also bring our focus on safety to every product that we manufacture. Quantifying a human life or debilitating injury is impossible, but each machine has industry-leading features that strive to minimize the possibility for accidents. In addition to built-in safety features, we also offer products and services that are unique in the industry. Cat Safety Services include, but are not limited to, the following: Safety Perception Survey - Used to establish a baseline safety-culture assessment by measuring employee perceptions and gaps in beliefs between management and employees on the front line across 20 Safety Culture Indicators. Safety Leadership Assessment - Used to measure individual safety leadership capability around four domains of safety leadership. Worksite Assessment - Compares onsite observations of safety practices and employee interview data to the documented processes and procedures. Continuous Improvement Process - Involving all levels of the organization to generate engagement, involvement, and ownership in the safety improvement process. Training - can be conducted with e-learning courses on http://safelyhome.cat.com, instructor led training products or as Supplier-facilitated workshops. Topics available include, but are not limited to, safety culture, effective communication, supervisor safety training, recognition, etc. Fleet Management & Services through Caterpillar Job Site Solutions: We leverage the power of Caterpillar and our dealers by designing innovative solutions that solve customer problems and that have a positive impact on their bottom line. We approach each site differently, striving to deliver exactly what's needed — no more, no less. Every solution includes a unique mix of Caterpillar and dealer capabilities using industry best products, technology, services and expertise necessary to meet the customer's definition of success. The goal is to leave customers better off tomorrow than they are today. Details on products and services are available at www.cat.com/safety. Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
46	Do your warranties cover all products, parts, and labor?	Caterpillar has extensive warranty coverage. Please see our warranty statements attached in the warranty information documents.
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Please see applicable warranty statements in the attached documents.
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Caterpillar does not cover travel time and mileage. Dealer service territories vary considerably from state to state as do their policies about travel time and mileage during the warranty period.
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	One of our key differentiating strengths is our ability to service equipment regardless of where it is located. Please see applicable warranty statements in the attached documents.
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Warranty service for machines ordered from a Caterpillar facility are generally provided by Caterpillar and performed by Cat dealers. Some items, such as tires, are covered under their manufacturers' warranties.
51	What are your proposed exchange and return programs and policies?	Please see applicable warranty statements in the attached documents.
52	Describe any service contract options for the items included in your proposal.	We have a large variety of service contract options which can all be customized according to customer needs. Below are just two examples. More solutions are available and we encourage members and dealers to explore all options. 1) Equipment Protection Plans (EPP): After the initial warranty period ends, members may choose to purchase additional protection plans to reduce their exposure to unplanned costs. These policies are written based on months and hours of operation. There are four standard levels of coverage: 1) Powertrain 2) Powertrain + Hydraulics 3) Powertrain + Hydraulics + Technology 4) Premier A description of all these options is included in the attached Equipment Protection Plans document. EPP can be purchased at the same time as the machine purchase, or anytime before the standard warranty expires. 2) Customer Value Agreements (CVA's): A member may choose to enter into an agreement with their Cat dealer to perform routine maintenance and/or repairs. These contracts are customizable based on member needs. The selling Cat dealer can take responsibility for some or all the required service and maintenance needs to allow the agency to gain efficiency by focusing on the performance demands more than maintenance. CVA's are a useful tool to manage expenses. CVAs can be purchased at the same time as the machine purchase, or anytime after. Cat Financial also offers CVAs, which can be performed by Cat dealers in the United States, and are particularly helpful for customers who move their machine fleet to multiple locations which may have different servicing Cat dealers.

Table 10: Payment Terms and Financing Options

We offer both leasing and financing options to governmental members of Sourcewell at rates lower than available to the general public. Caterpillar has its own financing arm, Cat Financial. Cat Financial was founded in 1981 and serves Cat customers and dealers. With over 1,900 employees, Cat Financial is active in more than 40 countries covering more than 148,000 customers worldwide. Cat Financial offers you a complete solution for your acquisition needs: - Equipment & Attachments - Parts - Service - Rebuilds Financial products are aligned and customized with the project and work site requirements such as operating lease, loan or finance lease. Find more information from Cat Financial here: https://www.catfinancial.com/en_US.html/
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Cat dealers are independently owned businesses. As such their standard transaction documents will vary. *
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Because Cat dealers will be receiving payments directly from members, accepting P-card procurement will be at their discretion. Many dealers do accept this method without additional fees. Some have limitations on the amount that can be processed. *

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	We offer a deep list discount off the current Caterpillar machine and work tool list prices to all Sourcewell members. We have provided base machine list pricing in the document pricing section. Base machines must be properly configured with other mandatory and optional items from the price list before they are considered operational. For the execution of the agreement we will ask our Cat dealer and Sourcewell member to use the Caterpillar price list that is current at the time of the quote. Dealers, in consultation with the member, will configure the machine to the desired specifications and apply the stated list discount to that configured list price amount. Dealer and members should remember to factor in any expected price increases if a machine will be built to order. The pricing document, in the applicable pricing document attachment section, shows the list discount offered for each new machine. Additionally, we are pleased to offer a list discount of 15% off all products and consulting services under Cat Safety Services.
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Pricing in this proposal is a percentage discount from list on current machine and work tools list prices. Our discount range varies between 10 - 26% off of the list price depending on the product family or model.
59	Describe any quantity or volume discounts or rebate programs that you offer.	Our dealers are empowered to consider purchase order volume, repeat purchases, etc. They may offer members additional discounts and /or services at their discretion.
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Sourced goods / Open Market Items are available to members from Cat dealers. The prices for these goods or services will represent fair marketing value and will be determined between the member and the selling dealer. We encourage our dealers and members to use these options as it facilitates complimentary products and streamlines the procurement process. Customers and dealers are responsible for including their Sourcewell member numbers on all documentation related to these purchases. Caterpillar Inc. is not a party to these sales and is exempted from including them in quarterly reports. For audits, inclusion of a customer's Sourcewell member number on the PO and /or invoice shall be deemed sufficient.
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Machines are unique in their requirements for preparation prior to use. Some may require local final assembly due to their large size others may have locally installed options (fire suppression, beacons, auto lube systems for example). When a dealer issues a quote for a machine, any dealer costs (like pre-delivery inspection, installation, set up, training, etc.) will be itemized separately and are not subject to the Caterpillar list discount for Sourcewell members.
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	There is no additional cost to members who choose to pick up their machines from the Cat dealer. Dealers may charge fees for delivery to the Sourcewell member's location.
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Just as for members in the 48 contiguous states, there is no additional cost to members who choose to pick up their machine from their Cat dealer. Dealers may charge fees for delivery to the Sourcewell members' location.
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Machines are large purchases and if there are unique Sourcewell member requirements our dealers will be happy to discuss on a case by case basis.

Table 12: Pricing Offered

Line Item	The Pricing Offered in this Proposal is: *	Comments
65	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Caterpillar wants to provide the governmental customer the best list discount possible to allow them to be good stewards of tax-payers funds. We want our governmental customers to have the ability to choose which cooperative contract better fits their needs.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcewell. This process includes ensuring that Sourcewell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcewell. Provide sufficient detail to support your ability to report quarterly sales to Sourcewell as described in the Contract template.	We plan to continue our very robust process to ensure reporting speed, accuracy, and contract compliance. Caterpillar and Cat dealers have very close and trusting relationships. Cat dealers are long-established, and the current process (under contract #032119-CAT) is working well. 1) To ensure pricing accuracy, we maintain our current Sourcewell customer discount sheet on our dealer facing pricing pages. Dealers integrate these numbers automatically in their quoting software. 2) To ensure new machines and work tool sales are recorded properly, we use our post-sale credit system. In a nutshell, this means that we corporately support the pricing offered in this contract at a level below what's available to other customers. To receive this additional monetary support after the machine is delivered, dealers must supply the member's name, address, and member number. There is no additional burden or cost to our dealers to use the Sourcewell contract and this is part of the reason for their high engagement and our high reporting accuracy. 3) At month end, we gather the new machine and work tool sales data attributed to Sourcewell and aggregate it for our reporting. 4) After quarter end, we will send the quarterly sales report and administration fee payment to Sourcewell for all items that are subject to the administrative fee.
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	We regularly track the % of sales that are sold using a cooperative contract. We will continue this practice if we are awarded a contract for RFP 020223.
68	Identify a proposed administrative fee that you will pay to Sourcewell for facilitating, managing, and promoting the Sourcewell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Per amendment #1 to Contract #032119-CAT, we will be pleased to offer an administrative fee of 0.33% of Caterpillar's list price for each piece of new equipment and serialized work tools purchased by Sourcewell's Participating Entities. Caterpillar will pay this fee and will not ask dealers or members to pay the fee.

Table 14A: Depth and Breadth of Offered Equipment Products and Services

Line Item	Question	Response *
69	Provide a detailed description of the equipment, products, and services that you are offering in your proposal.	The Cat equipment product line, consisting of more than 300 machines, sets the standard for our industry. We plan to help you meet your needs with our equipment, with our distribution and product support system, and the continual introduction and updating of products. Caterpillar is pleased to offer a wide variety of products for Sourcewell members. PROPOSER AFFIDAVIT AND ASSURANCE OF COMPLIANCE

I certify that I am the authorized representative of the Proposer submitting the foregoing Proposal with the legal authority to bind the Proposer to this Affidavit and Assurance of Compliance:

1. The Proposer is submitting this Proposal under its full and complete legal name, and the Proposer legally exists in good standing in the jurisdiction of its residence.
2. The Proposer warrants that the information provided in this Proposal is true, correct, and reliable for purposes of evaluation for contract award.
3. The Proposer, including any person assisting with the creation of this Proposal, has arrived at this Proposal independently and the Proposal has been created without colluding with any other person, company, or parties that have or will submit a proposal under this solicitation; and the Proposal has in all respects been created fairly without any fraud or dishonesty. The Proposer has not directly or indirectly entered into any agreement or arrangement with any person or business in an effort to influence any part of this solicitation or operations of a resulting contract; and the Proposer has not taken any action in restraint of free trade or competitiveness in connection with this solicitation. 4. To the best of its knowledge and belief, and except as otherwise disclosed in the Proposal, there are no relevant facts or circumstances which could give rise to an organizational conflict of interest. An organizational conflict of interest exists when a vendor has an unfair competitive advantage or the vendor's objectivity in performing the contract is, or might be, impaired.

8. The Proposer agrees to deliver equipment, products, and services through valid contracts, purchase orders, or means that are acceptable to Sourcewell Members. Unless otherwise agreed to, the Proposer must provide only new and first-quality products and related services to Sourcewell Members under an awarded Contract.
9. The Proposer will comply with all applicable provisions of federal, state, and local laws, regulations, rules, and orders.
10. The Proposer understands that Sourcewell will reject RFP proposals that are marked "confidential" (or "nonpublic," etc.), either substantially or in their entirety. Under Minnesota Statutes Section 13.591, subdivision 4, all proposals are considered nonpublic data until the evaluation is complete and a Contract is awarded. At that point, proposals become public data. Minnesota Statutes Section 13.37 permits only certain narrowly defined data to be considered a "trade secret," and thus nonpublic data under Minnesota's Data Practices Act.
11. Proposer its employees, agents, and subcontractors are not:
 1. Included on the "Specially Designated Nationals and Blocked Persons" list maintained by the Office of Foreign Assets Control of the United States Department of the Treasury found at: <https://www.treasury.gov/ofac/downloads/sdnlist.pdf>;

 3. Presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from programs operated

by the State of Minnesota; the United States federal government or the Canadian government, as applicable; or any Participating Entity. Vendor certifies and warrants that neither it nor its principals have been convicted of a criminal offense related to the subject matter of this solicitation.

MEMO

TO: Mayor Blad and Members of City Council

FROM: Tom Kirkman, Director of Public Services

DATE: January 15, 2025

SUBJECT: Recommendation for Piggyback Purchase:
(1) New CAT PM622 Cold Planer/Mill

It is my recommendation that the City of Pocatello Street Services Department piggyback the competitively bid Sourcewell Contract #020223-CAT with Western States Caterpillar for the purchase of one (1) new Caterpillar PM622 Cold Planer/Mill. The vendor has agreed to allow us to piggyback this procurement at the contract cost of \$861,008.92, together with a trade-in (2010 CAT PM200) valued at \$70,000, for a total expenditure of \$791,008.92. This amount has been budgeted for in the FY25 Street Services budget.

The paperwork from Western States Caterpillar honoring the piggyback price is attached for Council and Mayor approval. The Council may wish to authorize Mayor Blad to sign and execute the paperwork necessary to effectuate the procurement.

#020223-CAT

I have reviewed the above referenced Sourcewell Contract and quote with Western States Caterpillar for procurement of one (1) new Caterpillar PM622 Cold Planer/Mill, and have no legal concerns with the Council approving the purchase and associated trade-in (2010 CAT PM200), as permitted in Idaho Code §67-2807, and authorizing the Mayor to sign and execute the agreement.

TERMS AND CONDITIONS

1. OFFER TO SELL, METHODS OF ACCEPTANCE AND AGREEMENT TERMS: This Sales Agreement ("SA") is an offer for the sale of the equipment, vehicles, accessories and attachments described on the invoice (referred to generally as "equipment" or "goods") by Western States Equipment Company, an Idaho business corporation or its affiliates ("WSECO") to Customer under the terms and conditions specified herein. This offer may be accepted by (1) the execution of this SA by a representative of Customer or (2) Customer's verbal or written authorizations or conduct consistent with prior course of dealing between the parties authorizing WSECO to take action to fulfill this SA, or (3) the commencement of the manufacture or shipment of the goods specified in this SA, whichever of the foregoing first occurs.

Acceptance of this SA is limited to the express terms stated herein. Any proposal in Customer's acceptance for additional or different terms or any attempt by Customer to vary in any degree any of the terms is objected to and hereby rejected, but such proposals shall not operate as a rejection of this offer, unless such variances are in the terms of the description, quantity, price, delivery schedule, or payment schedule of the goods, but shall be deemed a material alteration of this SA and this SA shall be deemed agreed to by WSECO without said additional or different terms. Once accepted, this SA shall constitute the entire agreement between WSECO and Customer. WSECO is not bound by any representation or agreements, express, or implied, oral or otherwise, which are not stated within this SA or contained in a separate writing supplementing this SA and signed by authorized agents of both WSECO and Customer. This SA will supersede all previous communications, agreements, and contracts with respect to the subject matter hereof and no understanding, agreement, term, condition, or trade custom at variance with this SA will be binding on WSECO. No waiver or modification of the terms and conditions hereof will be effective unless in writing and signed by both Customer and WSECO.

2. PAYMENT TERMS: Customer agrees to pay the sales price for the equipment, less any net trade-in allowance, in accordance with the payment terms as all stated on the invoice. The sales price is offered F.O.B. at WSECO's designated facility as stated on the invoice and Customer is responsible for all shipping charges as provided in this SA. Customer is also responsible for paying all applicable sales, use or any other applicable taxes levied or assessed on the equipment by any federal, state or local governmental authority, unless Customer provides WSECO an appropriate exemption certificate as stated on the invoice. In the event that Customer fails to pay any applicable tax or other charge as agreed herein or fails to provide a valid exemption certificate, Customer agrees to indemnify and hold WSECO harmless from any liability and expense by reason of Customer's failure to pay said taxes or assessments, including, but not limited to, WSECO's reasonable attorney's fees and costs and other necessary legal expenses resulting from such failure.

3. GRANT OF SECURITY INTEREST, AUTHORIZATION TO FILE STATEMENT AND PROTECTION OF COLLATERAL: Until the Customer pays the total sales price and additional charges as provided in this SA, Customer hereby grants WSECO a security interest in and to the equipment and all additions, replacements, substitutions, and proceeds of the same ("Collateral") to secure payment of the sales price and any and all other amounts owed or owing by Customer to WSECO under this SA or otherwise. Customer authorizes WSECO to file financing statement(s) evidencing this security agreement and the collateral subject thereto and to take all steps necessary to perfect WSECO's interest in the equipment.

Customer agrees to execute any documents required by WSECO to evidence and perfect such security interest. Customer hereby appoints WSECO as its irrevocable attorney-in-fact for the purpose of executing any documents necessary to perfect or to continue the security interest granted in this SA. Customer will reimburse WSECO for all expenses for the perfection and the continuation of the perfection of WSECO's security interest in the Collateral. Customer promptly will notify WSECO before any changes in Customer's name including any changes to the assumed business names of Customer.

Customer, upon WSECO's request, will deliver to WSECO a schedule of the locations of the Collateral and agrees to update the list upon WSECO's further request. Customer will not commit or permit damage to or destruction of the Collateral or any material part of the Collateral. WSECO and its designated representatives and agents shall have the right at all reasonable times to examine and inspect the Collateral. Customer shall immediately notify WSECO of all cases involving the loss or damage of or to any material portion of the Collateral and generally of all material happenings and events affecting the Collateral.

4. INSURANCE: Customer shall not move, load, transport or otherwise handle the equipment on WSECO's premises without first having obtained insurance coverage. Customer shall carry all risks insurance on the equipment, including, without limitation, fire, theft and liability coverage with such other insurance as necessary to protect Customer's and WSECO's respective interests in the equipment. As long as any portion of the sales price is outstanding, Customer will deliver to WSECO from time to time the policies or certificates of insurance in forms satisfactory to WSECO, showing WSECO as an additional insured and including stipulations that coverage will not be cancelled or diminished without at least fifteen (15) days prior written notice to WSECO.

5. TIME OF DELIVERY AND SHIPPING: Orders for equipment are processed in the order of their acceptance by WSECO and WSECO will use its reasonable efforts to deliver the equipment to Customer on the scheduled delivery date as stated on the invoice. However, shipping and delivery dates are acknowledged to be estimates only and dependent upon many factors outside of WSECO's control including, but not limited to, the manufacturer's production schedule, material and labor shortages, shipping delays and various other unrelated factors. WSECO is not liable for delays or damages caused by delays in delivery or shipment of the equipment, unless stated on the face of the invoice to the contrary. Customer is responsible for all freight, shipping, loading and unloading costs.

6. RISK OF LOSS/SHORTAGES/REJECTION OF GOODS: Risk of loss of the goods shall pass to Customer as soon as the goods are properly loaded on the carrier. WSECO's responsibility for shipment ceases upon delivery of the goods to a transportation company. Any claim by Customer for shortage in shipment shall be made by written notice to WSECO within fifteen (15) days after receipt of the shipment. It is specifically agreed that the risk of loss shall not be altered by the fact that the conduct of either party hereto may constitute a default or breach and shortage in shipment is not deemed to constitute a nonconformity.

All equipment or goods shall be subject to the standard manufacturing and commercial variation and practices of the manufacturer thereof. In the event of shipment of non-conforming goods, WSECO shall be given a reasonable opportunity to replace the goods with those which conform to the order. Any notices pertaining to rejection or claims of nonconformity must be made in writing specifying in detail Customer's objections and such notices must be delivered within fifteen (15) days after delivery of the goods. It is agreed that in the event of rejection, Customer will store the goods or reship the goods to WSECO. Should Customer use the equipment or goods, such use shall be deemed an unequivocal acceptance of the goods. If Customer accepts goods tendered under this SA, such acceptance shall be final and irrevocable; no attempted revocation shall have any effect whatsoever.

7. ASSIGNMENTS: No right or interest in this SA shall be assigned by Customer without the written permission of WSECO, and no delegation of any obligation owed or of the performance of any obligation by Customer shall be made without written permission of WSECO. Any attempted assignment or delegation by Customer shall be wholly void and totally ineffective for all purposes unless made in conformity with this paragraph.

8. NO WARRANTY: Unless provided otherwise on the invoice, the equipment is purchased "AS IS" and there is no other agreement with Customer regarding the equipment other than what is stated in this SA and in any credit instrument and/or guaranty between Customer and WSECO. There are no other warranties, express or implied, for any equipment, product, service, or other items sold or furnished under this SA unless agreed to in writing between Customer and WSECO. **WSECO DISCLAIMS ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.**

9. EQUIPMENT FAILURE/LIMITATION OF REMEDIES: If, for any reason, the equipment does not perform satisfactorily, as judged by WSECO in its sole discretion, WSECO may repair or replace the equipment or any part thereof, at its option, without affecting any of the terms of this SA. This remedy does not apply if the equipment has failed or performs less than satisfactorily due to improper use of the equipment, accident (including, damage during shipment), neglect, abuse, misuse or exposure of the equipment to conditions beyond capacity, power, environmental design limits or operation constraints specified by WSECO or the equipment manufacturer. Customer is responsible for all expenses related to repair or replacement due to these causes. **THE REMEDIES IN THIS PARAGRAPH ARE CUSTOMER'S SOLE AND EXCLUSIVE REMEDIES AGAINST WSECO.**

10. LIMITATION OF LIABILITY: Notwithstanding trade customs or prior course of dealing to the contrary, in no event will WSECO, its subsidiaries, affiliates, agents or employees be liable for any incidental, indirect, special, or consequential damages in connection with or arising out of this SA or furnishing of any goods, services or other items or any third party's ownership, maintenance, or use of any goods, services or other items furnished under this SA, including, but not limited to, lost profits or revenues, loss of use of the equipment or any associated goods, damage to associated goods, costs of capital, cost of substitute goods, or claims of Customer's clients for such damages. Customer's sole remedy, for any liability of WSECO of any kind, including but not limited to negligence, with respect to any equipment, service, or other item is limited to that set forth in the paragraph entitled "EQUIPMENT FAILURE/LIMITATION OF REMEDIES" of this SA. WSECO is not responsible for meeting any federal, state, local or municipal code or specification (whether statutory, regulatory or contractual), unless Customer specifies it in writing and WSECO agrees to it in writing. Customer agrees that it has selected each item of equipment based upon its own judgment and neither WSECO nor its agents or employees shall be liable upon any statements or presentations made by WSECO. The liability for performing under any manufacturer's warranty program rests solely with the original manufacturer and WSECO has no liability or responsibility for performance thereunder.

11. FORCE MAJEURE: WSECO shall not be responsible or liable for any delay or failure to deliver any or all of the goods and/or performance of the services where such delay or failure is caused by any act of God, fire, flood, inclement weather, explosion, war, insurrection, riot, embargo, statute, ordinance, regulation or order of any government or agent thereof, shortage of labor, material, fuel, supplies or transportation, strike or other labor dispute, or any other cause, contingency, occurrence or circumstance of any nature, whether or not similar to those herein before specified beyond WSECO's control, which prevents, hinders or interferes with manufacture, assembly or delivery of the goods or performance of the services. Any such cause, contingency, occurrence or circumstances shall release WSECO from performance of its obligations hereunder.

12. INDEMNITY: Customer agrees to indemnify and hold WSECO harmless from and against any and all claims, actions, suits, proceedings, costs, expenses, damages (including but not limited to consequential and incidental damages), liabilities, fees (including, but not limited to, attorney fees and court costs), and settlements, (including those brought or incurred by or in favor of Customer's employees, agents and subcontractors), arising out of or related to the selection, delivery, loading, unloading, towing, possession, use, operation, handling or transportation of the equipment. Customer agrees to defend, at its expense, any and all suits brought against WSECO either alone or in conjunction with others and additionally to satisfy, pay and discharge any and all judgments and fines against WSECO in any such suits or actions, whether based in negligence or otherwise.

13. DEFAULT BY CUSTOMER: An event of default shall occur if (a) Customer fails to pay when due the sales price; (b) Customer fails to perform or observe any covenant, condition, or agreement to be performed by it hereunder; (c) Customer ceases doing business as a going concern, makes an assignment for the benefit of creditors, admits in writing an inability to pay debts as they become due, files a petition in bankruptcy, or if its owners, shareholders or members of Customer take actions towards dissolution or liquidation of Customer; (d) Customer attempts to sell, transfer, or encumber, sublease or convey the equipment or any part thereof prior to paying the full sales price; or (e) WSECO, in good faith deems itself, insecure relative to payment of the sales price.

Upon the occurrence of any event of default, WSECO may exercise the following rights and remedies: (i) declare the sales price immediately due and payable; (ii) require Customer to assemble the equipment and make it available to WSECO at a place and time designated by WSECO; (iii) WSECO shall have full power to enter upon the property or jobsite of the Customer and take possession of and remove the equipment; (iv) WSECO shall have full power and authority to sell, lease, transfer or otherwise deal with the equipment or proceeds thereof, and in connection therewith WSECO may bid on the goods or equipment and that a commercially reasonable price for said reclaimed equipment may be determined by WSECO based upon current national auction values, market trends relating to supply and demand, and related factors for goods of similar type and condition; (v) if WSECO chooses to sell or lease the reclaimed equipment, WSECO may obtain a judgment against Customer for any deficiency remaining on the sales price after application of all amounts received from the exercise of its rights under this SA; and (vi) all rights and remedies of a secured creditor under the provisions of the Idaho Uniform Commercial Code, as amended from time to time. All of WSECO's rights and remedies, whether evidenced by this SA or other related agreement, shall be cumulative and may be exercised singularly or concurrently. Customer agrees to pay all costs incurred by WSECO in enforcing this SA or any of its provisions, including without limitation reasonable attorney's fees and costs and all costs of reclaiming the goods, whether or not legal action is commenced.

**Solicitation Number: RFP #020223****CONTRACT**

This Contract is between Sourcewell, 202 12th Street Northeast, P.O. Box 219, Staples, MN 56479 (Sourcewell) and **Caterpillar Inc.**, 5212 N. O'Connor Blvd., Suite 1100, Irving, TX 75039 (Supplier).

Sourcewell is a State of Minnesota local government unit and service cooperative created under the laws of the State of Minnesota (Minnesota Statutes Section 123A.21) that offers cooperative procurement solutions to government entities. Participation is open to eligible federal, state/province, and municipal governmental entities, higher education, K-12 education, nonprofit, tribal government, and other public entities located in the United States and Canada. Sourcewell issued a public solicitation for **Medium Duty and Compact Construction Equipment with Related Attachments** from which Supplier was awarded a contract.

Supplier desires to contract with Sourcewell to provide equipment, products, or services to Sourcewell and the entities that access Sourcewell's cooperative purchasing contracts (Participating Entities).

1. TERM OF CONTRACT

- A. **EFFECTIVE DATE.** This Contract is effective upon the date of the final signature below.
- B. **EXPIRATION DATE AND EXTENSION.** This Contract expires April 17, 2027, unless it is cancelled sooner pursuant to Article 22. This Contract may be extended one additional year upon the request of Sourcewell and written agreement by Supplier.
- C. **SURVIVAL OF TERMS.** Notwithstanding any expiration or termination of this Contract, all payment obligations incurred prior to expiration or termination will survive, as will the following: Articles 11 through 14 survive the expiration or cancellation of this Contract. All other rights will cease upon expiration or termination of this Contract.

2. EQUIPMENT, PRODUCTS, OR SERVICES

- A. **EQUIPMENT, PRODUCTS, OR SERVICES.** Supplier will provide the Equipment, Products, or Services as stated in its Proposal submitted under the Solicitation Number listed above.

Supplier's Equipment, Products, or Services Proposal (Proposal) is attached and incorporated into this Contract.

Pursuant to Section 10(b), Supplier will subcontract certain obligations under this Contract to its dealers. Only those dealers that sign a Participation Agreement with Supplier obligating them to comply with the terms of this Contract will be eligible to provide Equipment, Products, or Services as a subcontractor under this Contract. In the event there is no dealer who has entered into a Participation Agreement available to provide Equipment, Products, or Services to a Participating Entity, Supplier will be under no obligation to provide Equipment, Products, or Services to such Participating Entity under this Contract. Supplier will provide a copy of this Contract to its dealers that would normally service Participating Entities and invite such dealers to enter into a Participation Agreement as a subcontractor of Supplier under the terms of this Contract.

All Equipment and Products provided under this Contract must be new and the current model. Supplier may offer close-out or refurbished Equipment or Products if they are clearly indicated in Supplier's product and pricing list. Unless agreed to by the Participating Entities in advance, Equipment or Products must be delivered as operational to the Participating Entity's site.

This Contract offers an indefinite quantity of sales, and while substantial volume is anticipated, sales and sales volume are not guaranteed.

B. **WARRANTY.** Supplier warrants that all Equipment, Products, and Services furnished are free from liens and encumbrances, and are free from defects in design, materials, and workmanship. In addition, Supplier warrants the Equipment, Products, and Services are suitable for and will perform in accordance with the ordinary use for which they are intended. Supplier's dealers and distributors must agree to assist the Participating Entity in reaching a resolution in any dispute over warranty terms with the manufacturer. Any manufacturer's warranty that extends beyond the expiration of the Supplier's warranty will be passed on to the Participating Entity.

C. **DEALERS, DISTRIBUTORS, AND/OR RESELLERS.** Upon Contract execution and throughout the Contract term, Supplier must provide to Sourcewell a current means to validate or authenticate Supplier's authorized dealers, distributors, or resellers relative to the Equipment, Products, and Services offered under this Contract, which will be incorporated into this Contract by reference. It is the Supplier's responsibility to ensure Sourcewell receives the most current information.

3. PRICING

All Equipment, Products, or Services under this Contract will be priced at or below the price percentage list discount stated in Supplier's Proposal.

Upon request made to a participating CAT dealer, from a Participating Entity identifying themselves as a Sourcewell member by providing their Sourcewell member number and contract number; formal quotes will list all costs, including all delivery expenses, such as freight and permits (when required). Alternatively, Participating Entities may choose to make their own transportation arrangements. In such case, there would be no delivery charges from the local participating Cat dealer.

Regardless of the payment method chosen by the Participating Entity, the total cost associated with any purchase option of the Equipment, Products, or Services must always be disclosed in the pricing quote to the applicable Participating Entity at the time of purchase.

A. **SHIPPING AND SHIPPING COSTS.** All delivered Equipment and Products must be properly packaged. Damaged Equipment and Products may be rejected. If the damage is not readily apparent at the time of delivery, Supplier must permit the Equipment and Products to be returned within a reasonable time at no cost to Sourcewell or its Participating Entities. Participating Entities reserve the right to inspect the Equipment and Products at a reasonable time after delivery where circumstances or conditions prevent effective inspection of the Equipment and Products at the time of delivery. In the event of the delivery of nonconforming Equipment and Products, the Participating Entity will notify the Supplier as soon as possible and the Supplier will replace nonconforming Equipment and Products with conforming Equipment and Products that are acceptable to the Participating Entity.

Supplier must arrange for and pay for the return shipment on Equipment and Products that arrive in a defective or inoperable condition.

Sourcewell may declare the Supplier in breach of this Contract if the Supplier intentionally delivers substandard or inferior Equipment or Products.

B. **SALES TAX.** Each Participating Entity is responsible for supplying the Supplier with valid tax-exemption certification(s). When ordering, a Participating Entity must indicate if it is a tax-exempt entity.

C. **HOT LIST PRICING.** At any time during this Contract, Supplier may offer a specific selection of Equipment, Products, or Services at discounts greater than those listed in the Contract. When Supplier determines it will offer Hot List Pricing, it must be submitted electronically to Sourcewell in a line-item format. Equipment, Products, or Services may be added or removed from the Hot List at any time through a Sourcewell Price and Product Change Form as defined in Article 4 below.

Hot List program and pricing may also be used to discount and liquidate close-out and discontinued Equipment and Products as long as those close-out and discontinued items are clearly identified as such. Current ordering process and administrative fees apply. Hot List Pricing must be published and made available to all Participating Entities.

4. PRODUCT AND PRICING CHANGE REQUESTS

Supplier may request Equipment, Product, or Service changes, additions, or deletions at any time. All requests must be made in writing by submitting a signed Sourcewell Price and Product Change Request Form to the assigned Sourcewell Supplier Development Administrator. This approved form is available from the assigned Sourcewell Supplier Development Administrator. At a minimum, the request must:

- Identify the applicable Sourcewell contract number;
- Clearly specify the requested change;
- Provide sufficient detail to justify the requested change;
- Individually list all Equipment, Products, or Services affected by the requested change, along with the requested change (e.g., addition, deletion, price change); and
- Include a complete restatement of pricing documentation in Microsoft Excel with the effective date of the modified pricing, or product addition or deletion. The new pricing restatement must include all Equipment, Products, and Services offered, even for those items where pricing remains unchanged.

A fully executed Sourcewell Price and Product Request Form will become an amendment to this Contract and will be incorporated by reference.

5. PARTICIPATION, CONTRACT ACCESS, AND PARTICIPATING ENTITY REQUIREMENTS

A. PARTICIPATION. Sourcewell's cooperative contracts are available and open to public and nonprofit entities across the United States and Canada; such as federal, state/province, municipal, K-12 and higher education, tribal government, and other public entities.

B. Supplier may not enter into a contract with a U.S. Federal Government entity prior to obtaining necessary internal approvals and shall not be obligated to provide Equipment, Products or Services to any U.S. Federal Government entity under this Contract unless separately agreed in writing. Supplier may work with such parties and may agree to provide equipment or services under the Contract on a case-by-case basis.

The benefits of this Contract should be available to all Participating Entities that can legally access the Equipment, Products, or Services under this Contract. A Participating Entity's authority to access this Contract is determined through its cooperative purchasing, interlocal, or joint powers laws. Any entity accessing benefits of this Contract will be considered a Service Member of Sourcewell during such time of access. Supplier understands that a Participating Entity's use of this Contract is at the Participating Entity's sole convenience and Participating Entities reserve the right to obtain like Equipment, Products, or Services from any other source.

Supplier is responsible for familiarizing its sales and service forces with Sourcwell contract use eligibility requirements and documentation and will encourage potential participating entities to join Sourcwell. Sourcwell reserves the right to add and remove Participating Entities to its roster during the term of this Contract.

C. PUBLIC FACILITIES. Supplier's employees may be required to perform work at government-owned facilities, including schools. Supplier's employees and agents must conduct themselves in a professional manner while on the premises, and in accordance with Participating Entity policies and procedures, and all applicable laws.

6. PARTICIPATING ENTITY USE AND PURCHASING

A. ORDERS AND PAYMENT. To access the contracted Equipment, Products, or Services under this Contract, a Participating Entity must clearly indicate to Supplier that it intends to access this Contract; however, order flow and procedure will be developed jointly between Sourcwell and Supplier. Typically, a Participating Entity will issue an order directly to Participating Dealers with payments made to the Participating Dealers. If a Participating Entity issues a purchase order, it may use its own forms, but the purchase order should clearly note the applicable Sourcwell contract number. All Participating Entity orders under this Contract must be issued prior to expiration or cancellation of this Contract; however, Supplier performance, Participating Entity payment obligations, and any applicable warranty periods or other Supplier or Participating Entity obligations may extend beyond the term of this Contract.

Supplier's acceptable forms of payment are included in its attached Proposal. Participating Entities will be solely responsible for payment and Sourcwell will have no liability for any unpaid invoice of any Participating Entity.

B. ADDITIONAL TERMS AND CONDITIONS/PARTICIPATING ADDENDUM. Additional terms and conditions to a purchase order, or other required transaction documentation, may be negotiated between a Participating Entity and Supplier's Participating Dealer, such as job or industry-specific requirements, legal requirements (e.g., affirmative action or immigration status requirements), or specific local policy requirements. Some Participating Entities may require the use of a Participating Addendum, the terms of which will be negotiated directly between the Participating Entity and the Supplier's Participating Dealer or its authorized dealers, distributors, or resellers, as applicable. Any negotiated additional terms and conditions must never be less favorable to the Participating Entity than what is contained in this Contract.

C. SPECIALIZED SERVICE REQUIREMENTS. In the event that the Participating Entity requires service or specialized performance requirements not addressed in this Contract (such as e-commerce specifications, specialized delivery requirements, or other specifications and requirements), the Participating Entity and the Supplier may enter into a separate, standalone agreement, apart from this Contract. Sourcwell, including its agents and employees, will not be made a party to a claim for breach of such agreement.

D. **TERMINATION OF ORDERS.** Participating Entities may terminate an order, in whole or in part, immediately upon notice to Supplier in the event of any of the following events:

1. The Participating Entity fails to receive funding or appropriation from its governing body at levels sufficient to pay for the equipment, products, or services to be purchased; or
2. Federal, state, or provincial laws or regulations prohibit the purchase or change the Participating Entity's requirements.

E. **GOVERNING LAW AND VENUE.** The governing law and venue for any action related to a Participating Entity's order will be determined by the Participating Entity making the purchase.

7. CUSTOMER SERVICE

A. **PRIMARY ACCOUNT REPRESENTATIVE.** Supplier will assign an Account Representative to Sourcewell for this Contract and must provide prompt notice to Sourcewell if that person is changed. The Account Representative will be responsible for:

- Maintenance and management of this Contract;
- Timely response to all Sourcewell and Participating Entity inquiries; and
- Business reviews to Sourcewell and Participating Entities, if applicable.

B. **BUSINESS REVIEWS.** Supplier must perform a minimum of one business review with Sourcewell per contract year. The business review will cover sales to Participating Entities, pricing and contract terms, administrative fees, sales data reports, performance issues, supply issues, customer issues, and any other necessary information.

8. REPORT ON CONTRACT SALES ACTIVITY AND ADMINISTRATIVE FEE PAYMENT

A. **CONTRACT SALES ACTIVITY REPORT.** Each calendar quarter, Supplier must provide a contract sales activity report (Report) to the Sourcewell Supplier Development Administrator assigned to this Contract. Reports are due no later than 45 days after the end of each calendar quarter. A Report must be provided regardless of the number or amount of sales during that quarter (i.e., if there are no sales, Supplier must submit a report indicating no sales were made).

The Report must contain the following fields:

- Participating Entity Name (e.g., City of Staples Highway Department);
- Participating Entity Physical Street Address;
- Participating Entity City;
- Participating Entity State/Province;

- Participating Entity Zip/Postal Code;
- Participating Entity Contact Name;
- Participating Entity Contact Email Address;
- Participating Entity Contact Telephone Number;
- Sourcewell Assigned Entity/Participating Entity Number;
- Item Purchased Description;
- Item Purchased Price;
- Sourcewell Administrative Fee Applied; and
- Date Purchase was invoiced/sale was recognized as revenue by Supplier.

B. ADMINISTRATIVE FEE. In consideration for the support and services provided by Sourcewell, the Supplier will pay an administrative fee to Sourcewell on all Equipment, Products, and Services provided to Participating Entities. The Administrative Fee must be included in, and not added to, the pricing. Supplier may not charge Participating Entities more than the contracted price to offset the Administrative Fee.

The Supplier will submit payment to Sourcewell for the percentage of administrative fee stated in the Proposal multiplied by the total sales of all Equipment, Products, and Services purchased by Participating Entities under this Contract during each calendar quarter. Payments should note the Supplier's name and Sourcewell-assigned contract number in the memo; and must be mailed to the address above "Attn: Accounts Receivable" or remitted electronically to Sourcewell's banking institution per Sourcewell's Finance department instructions. Payments must be received no later than 45 calendar days after the end of each calendar quarter.

Supplier agrees to cooperate with Sourcewell in auditing transactions under this Contract to ensure that the administrative fee is paid on all items purchased under this Contract.

In the event the Supplier is delinquent in any undisputed administrative fees, Sourcewell reserves the right to cancel this Contract and reject any proposal submitted by the Supplier in any subsequent solicitation. In the event this Contract is cancelled by either party prior to the Contract's expiration date, the administrative fee payment will be due no more than 30 days from the cancellation date.

9. AUTHORIZED REPRESENTATIVE

Sourcewell's Authorized Representative is its Chief Procurement Officer.

Supplier's Authorized Representative is the person named in the Supplier's Proposal. If Supplier's Authorized Representative changes at any time during this Contract, Supplier must promptly notify Sourcewell in writing.

10. AUDIT, ASSIGNMENT, AMENDMENTS, WAIVER, AND CONTRACT COMPLETE

A. **AUDIT.** Pursuant to Minnesota Statutes Section 16C.05, subdivision 5, the books, records, documents, and accounting procedures and practices relevant to this Contract are subject to examination by Sourcewell or the Minnesota State Auditor for a minimum of six years from the end of this Contract. This clause extends to Participating Entities as it relates to business conducted by that Participating Entity under this Contract.

B. **ASSIGNMENT.** Neither party may assign or otherwise transfer its rights or obligations under this Contract without the prior written consent of the other party and a fully executed assignment agreement. Such consent will not be unreasonably withheld. Any prohibited assignment will be invalid. Provided, however, that Supplier is permitted to subcontract certain of its rights and obligations to Supplier Participating Dealers for performance without Sourcewell's prior written consent.

C. **AMENDMENTS.** Any amendment to this Contract must be in writing and will not be effective until it has been duly executed by the parties.

D. **WAIVER.** Failure by either party to take action or assert any right under this Contract will not be deemed a waiver of such right in the event of the continuation or repetition of the circumstances giving rise to such right. Any such waiver must be in writing and signed by the parties.

E. **CONTRACT COMPLETE.** This Contract represents the complete agreement between the parties. No other understanding regarding this Contract, whether written or oral, may be used to bind either party. For any conflict between the attached Proposal and the terms set out in Articles 1-22 of this Contract, the terms of Articles 1-22 will govern.

F. **RELATIONSHIP OF THE PARTIES.** The relationship of the parties is one of independent contractors, each free to exercise judgment and discretion with regard to the conduct of their respective businesses. - C. MARKETING. Any direct advertising, marketing, or offers with Participating Entities must be approved by Sourcewell. Send all approval requests to the Sourcewell Supplier Development Administrator assigned to this Contract.
- D. ENDORSEMENT. The Supplier must not claim that Sourcewell endorses its Equipment, Products, or Services.

14. GOVERNING LAW, JURISDICTION, AND VENUE

16. SEVERABILITY

If any provision of this Contract is found by a court of competent jurisdiction to be illegal, unenforceable, or void then both parties will be relieved from all obligations arising from that provision. If the remainder of this Contract is capable of being performed, it will not be affected by such determination or finding and must be fully performed.

17. PERFORMANCE, DEFAULT, AND REMEDIES

- A. PERFORMANCE. During the term of this Contract, the parties will monitor performance and address unresolved contract issues as follows:

1. *Notification.* The parties must promptly notify each other of any known dispute and work in good faith to resolve such dispute within a reasonable period of time. If necessary, Sourcewell and the Supplier will jointly develop a short briefing document that describes the issue(s), relevant impact, and positions of both parties.
2. *Escalation.* If parties are unable to resolve the issue in a timely manner, as specified above, either Sourcewell or Supplier may escalate the resolution of the issue to a higher level of management. The Supplier will have 30 calendar days to cure an outstanding issue.
3. *Performance while Dispute is Pending.* Notwithstanding the existence of a dispute, the Supplier must continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute. If the Supplier fails to continue without delay to perform its responsibilities under the Contract, in the accomplishment of all undisputed work, the Supplier will bear any additional costs incurred by Sourcewell and/or its Participating Entities as a result of such failure to proceed.

B. **DEFAULT AND REMEDIES.** Either of the following constitutes cause to declare this Contract, or any Participating Entity order under this Contract, in default:

1. Nonperformance of contractual requirements, or
2. A material breach of any term or condition of this Contract.

The party claiming default must provide written notice of the default, with 30 calendar days to cure the default. Time allowed for cure will not diminish or eliminate any liability for liquidated or other damages. If the default remains after the opportunity for cure, the non-defaulting party may:

10	Provide a brief history of your company, including your company's core values, business philosophy, and industry longevity related to the requested equipment, products or services.	The history of Caterpillar is all about doing: creating, building, problem solving, innovating, testing, servicing and improving. We're proud of the ingenious machines that are part of our rich heritage. More importantly, we are proud of the people who founded and built the company one breakthrough at a time. Beginning with Benjamin Holt and C. L. Best, the people of Caterpillar have always been - and continue to be - extraordinary. In 1925 when Holt and Best merged to form their new tractor company, they used the name Caterpillar, which had become familiar with people around the world. The name was registered in 1910 by Holt and placed on his tractors to reflect the undulating movement the machine made as it crawled across the field like a caterpillar. With 2022 sales and revenues of \$59.4 billion, Caterpillar Inc. is the world's leading manufacturer of construction and mining equipment, off-highway diesel and natural gas engines, industrial gas turbines and diesel-electric locomotives. For nearly 100 years, we've been helping customers build a better, more sustainable world and are committed and contributing to a reduced-carbon future. Our innovative products and services, backed by our global dealer network, provide exceptional value that helps customers succeed. Caterpillar does business on every continent, principally operating through three primary segments – Construction Industries, Resource Industries and Energy & Transportation – and providing financing and related services through our Financial Products segment. Our Worldwide Code of Conduct, first published in 1974, defines what we stand for and believe in, documenting the uncompromisingly high ethical standards our company has upheld since its founding in 1925. The Code helps Caterpillar employees put our values and principles into action every day by providing detailed guidance on the behaviors and actions that support our values of Integrity, Excellence, Teamwork, Commitment and Sustainability. 11	What are your company's expectations in the event of an award?	Caterpillar is honored to have served Sourcewell and its members who have purchased Cat® construction equipment, attachments (work tools), and electrical power generation products through Sourcewell since 2008. Furthermore, we are proud to have earned the Sourcewell Legacy Award in 2019, and have recently been awarded contracts 060122-CAT and 092222-CAT. Caterpillar's expectations in the event of an award would be to focus on customer needs and continued growth across all governmental segments. Sourcewell has built a strong reputation within the industry that has shown the importance of how this cooperative contract delivers upon customer needs. This contract will be a top factor in our go to market strategy within our strong Cat dealer network. If awarded, we will send out an email to our entire sales force, applicable to governmental, introducing the contract along with ways to train our salesforce, market, and grow the contract. We look forward to the opportunity to further grow business and serve member needs together in this new Medium Construction Equipment RFP opportunity.

16	How is your organization best described: is it a manufacturer, a distributor/dealer/reseller, or a service provider? If applicable, is your dealer network independent or company owned? b) If your company is best described as a manufacturer or service provider, describe your relationship with your sales and service force and with your dealer network in delivering the products and services proposed in this RFP. Are these individuals your employees, or the employees of a third party?	Caterpillar is a world class manufacturer which distributes products through a vast and capable independent dealer network. Cat dealers are strong independently owned companies and in North America alone our 47 dealers have a combined net worth of billions of dollars. Their large valuation is a competitive advantage because it allows them to have the infrastructure to support customers regardless of location, industry, fleet size, or application. Another advantage of independently owned dealers is that they know their customers and market well. They tailor their services specifically to their customers' needs. Although we will sign this contract as a manufacturer, our Cat dealers will be given the opportunity to avail themselves of the opportunity presented by the contract and will execute all the transactions with governmental customers as they do today. This includes but is not limited to consultation, quoting, accepting payment, delivery, warranty support, parts sales, and service. Caterpillar dealers heartily embrace the other Sourcwell contracts currently available to them (032119-CAT, 092222-CAT, 062320-CAT, 060122-CAT). They have all been trained on contract usage. In fact, the current Heavy Equipment contract is leveraged by 95% of our dealers in North America. Caterpillar offers specific discounts to Sourcwell members. By using any Sourcwell Contract, our dealers agree to honor those discounts.
17	If applicable, provide a detailed explanation outlining the licenses and certifications that are both required to be held, and actually held, by your organization (including third parties and subcontractors that you use) in pursuit of the business contemplated by this RFP. With regards to the territories covered by this RFP, Caterpillar will comply with applicable laws in order to do business in the territories described herein. As an equipment manufacturer focused on quality, Caterpillar created the Caterpillar Quality Management System, which is a process-based, ISO 9001:2015 compliant quality management system used throughout Caterpillar to continually improve the quality of our products and services to meet customer, statutory, and regulatory requirements. It is registered with IRCA (International Register of Certificated Auditors) as Caterpillar Quality Management System CAT791A.

26	Sales force.	The Cat dealer salesforce is highly capable and trained in the construction industry. The Cat dealer salespeople are consultants to their customers and advise their customers on the best solutions for their application and job. As a manufacturer we request our dealers to follow strict training protocols to ensure our sales force remains current on all product updates. Specifically, as it relates to governmental sales, each dealer has one or more people named to be a key liaison between us as manufacturer and their dealer sales team. They're offered additional in depth training on Sourcewell and ensures that all contract terms are followed. Caterpillar has Operational Excellence Programs that recognize dealers' excellence in marketing and sales processes and operations, among other areas of the business. In North America, Cat dealers employ more than 53,000 people across the machine, energy, parts and service divisions. The dealer sales teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5 to 8 Caterpillar sales/marketing employees. It is the responsibility of these people to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the sales and marketing department at Caterpillar is staffed by more than 600 people whose mission is to focus on customer satisfaction. Even more are employed "behind-the-scenes" to ensure industry leading product design, up to date product information, and maintaining the ease of doing business in an increasingly connected marketplace.
27	Dealer network or other distribution methods.	The Cat dealer network is key to the success of our company. Boasting 160 dealers throughout 193 countries worldwide, the Cat dealer network is widely considered to be the best in industry. Within Canada and the United States, we have 47 dealers and more than 800 dealer owned locations that sell and rent equipment. Please refer to our directory listing of Cat dealer locations and our easy to view locations map in the attached "Additional Documents" zip file. Cat dealers are independently-owned. Each dealer has multiple branches and a mobile service fleet than can serve customers regardless of location. These are full physical locations our governmental customers can use. Because of the size of Cat dealers, they are exceptionally capable to serve governmental customers. Dealers have trained specialists that cover many industries including heavy equipment. Collectively, Cat dealers' large net worth permits them to stock a high volume of replacement parts - allowing governmental customers the fastest turnaround on parts availability and repair time. Cat dealers recognize the importance of governmental business to their overall success and they each have one or more governmental specialists whose job it is to serve governmental agencies well. Please refer to the Cat dealer locations map included in "Additional Documents". Additionally, you can leverage https://www.cat.com/en_US/support/dealer-locator.html to locate dealers by location.

28	Service force.	At Caterpillar we are very proud of the saying "The sales department sells the first machine; the service department sells every one after that." The Cat dealer network in North America collectively employs more than 20,000 factory trained technicians, parts experts, product support managers and other service-oriented staff. These subject matter experts are supported by the best repair shop equipment and materials. As machines and engines are constantly updated, so too are our service experts. We conduct product-specific training every week of the year. Technician shortage is an industry-wide concern, but because Cat dealers are large, long established companies, they can offer strong compensation and benefit packages that encourage the best people to seek employment and to retain them once hired. Caterpillar works very closely with dealers and through a program called "ThinkBIG", we are able to keep the pipeline of high quality employees full. ThinkBIG is a Caterpillar-specific instructional program that pays the student while they train to become a technician. It is a 2-year program with lab and classroom work, and a paid internship at a sponsoring Cat Dealer. As a result, the student will graduate with an accredited degree backed with over 2,000 hours of work experience. In addition to the technicians and mechanics that work on the machines directly, each dealer has a service support staff that includes customer-facing consultants who are responsible for working with customers to set up maintenance and repair schedules to ensure the best possible up-time. Collectively, service support staff makes up the bulk of each dealers' staff. Roughly half of their personnel investment goes to ensuring customer success via product support. The dealer service teams are supported by a network of Caterpillar professionals. Each dealer has in territory support of 5 to 8 Caterpillar parts/service employees. It is the responsibility of these specialists to ensure that the dealer and Caterpillar are working well together to constantly improve and to adapt to marketplace changes. Beyond the territory experts, the service and support groups at Caterpillar are staffed by thousands of people whose mission is to focus on post-sale customer satisfaction. Even more are employed "behind-the-scenes" to ensure technical literature is up to date, service standards are adhere to and repair questions are answered quickly. We exceed our 95% 2-hour response rate target in responding to dealer service inquiries.
29	Describe the ordering process. If orders will be handled by distributors, dealers or others, explain the respective roles of the Proposer and others.	Our simple order process has been and will continue to be well appreciated by Sourcewell and Sourcewell members: 1) When a member decides to purchase a new Cat machine, they simply include their Sourcewell member number on the Purchase Order they issue to the Cat dealer. 2) The Cat dealer then accepts the PO, issues the invoice, accepts payment and delivers the machine. 3) After the machine has been delivered, the dealer, as part of their normal process, includes the member number when filing their sales claims with Caterpillar. 4) At month's end, Caterpillar aggregates these reports and sends the sales information quarterly to Sourcewell along with the administrative fee. IMPORTANT NOTE: Should a member wish to include additional terms and conditions to this contract, or to otherwise request a Participating Addendum, that agreement / PA should be executed between the member and Cat dealer directly.

30	Describe in detail the process and procedure of your customer service program, if applicable. Include your response-time capabilities and commitments, as well as any incentives that help your providers meet your stated service goals or promises.	We are proud that our reputation stands on having the best customer support in the industry. In fact, our capabilities are industry leading. In the event a customer ever has a problem or issue with a machine, their Cat dealer is empowered to resolve that issue locally. If the problem is a result of a defect in material or workmanship, within the standard warranty period, the local Cat dealer will work with Caterpillar to apply the appropriate warranty, and keep the customer informed. Every Cat dealer has a common detailed service process in place. Caterpillar supports and verifies that all the dealer service technicians are supplied with the tools and equipment needed to repair all Cat products. Technicians have access to an electronic library of technical information including Service Letters, Technical Information Bulletins, System Operations, Troubleshooting and Disassembly and Assembly manuals. These manuals are provided for every Cat product. Each dealer also has one or more "Technical Communicators" who are dedicated to supporting the service technicians by acting as a liaison between the shop personnel and Caterpillar. The service technicians also have a dealer support network (DSN) system with direct access to Caterpillar's Service Engineers. Caterpillar responds to more than 95% of all high priority tickets within one hour. Caterpillar is got everything customers need to keep their Cat machines in top shape. Whether they want Genuine Cat parts, manuals and resources to do maintenance and repairs themselves, or prefer to have one of our expert dealer technicians do the work. We make it easy to keep their Cat equipment running. Some of our service solutions include: -Cat Fleet Management (Condition Monitoring) - Lowers the total cost of ownership of machine. 38	In your view, what is Sourcewell's role in promoting contracts arising out of this RFP? How will you integrate a Sourcewell-awarded contract into your sales process?	Sourcewell is a well-respected contracting agency within the public procurement industry. It is important, in the event of an award, that our products and logos be included in Sourcewell marketing and website. We believe that the most important role that Sourcewell can play in marketing our contract and products, is to market themselves and promote contract purchasing across the industry. In the event of an award, Caterpillar will put high priority in building awareness and enthusiasm within our dealer network and customer base to leverage the Sourcewell contract as our go to market strategy.
39	Are your products or services available through an e-procurement ordering process? If so, describe your e-procurement system and how governmental and educational customers have used it.	We do offer a e-procurement ordering process for parts via parts.cat.com. We can also integrate into a variety of procurement systems for high volume customers. Our wide machine portfolio and multiple configurations per machine model allows us to provide the best machine for the customer need. Our Cat dealers are trained to configure our equipment and advise the customer on the best machine and configuration for their application. Therefore, a consultative salesperson is integral in this process, and we do not use an e-procurement machine ordering process.

43	Identify any third-party issued eco-labels, ratings or certifications that your company has received for the equipment or products included in your Proposal related to energy efficiency or conservation, life-cycle design (cradle-to-cradle), or other green/sustainability factors.	Plants certified with ISO 14001:2004 Environmental Management System include: 1) Anchor Coupling - Goldsboro NC, ISO 14001:2004- Sept 2018 2) Anchor Coupling - Menominee - ISO 14001: 2015 - Jan. 2021 3) Gen Sets - Newberry 0 ISO 14001:2004 - Nov. 2017 4) Mapleton - 14001:2004 self-certification issued Jan 2013 5) Reman Services - Corinth MS - ISO 14001-2015- Sept. 2021 6) Reman Services - Franklin - ISO 14001:2004-May 2017

44	Describe any Women or Minority Business Entity (WMBE), Small Business Entity (SBE), or veteran owned business certifications that your company or hub partners have obtained. Upload documentation of certification (as applicable) in the document upload section of your response.	Caterpillar has long drawn on the diversity of its people as a source of innovation and competitive advantage. We are proud that our people come from across the globe, with diverse backgrounds, experiences and perspectives. Despite our differences – in geography, culture, language and business – we are one Caterpillar, one company united by these common principles with a shared commitment to the highest standards of conduct. For example: Foley Equipment, a Cat dealer, with territory primarily in Kansas and Missouri, is woman owned. In addition to Foley equipment, there are 31 other women in our North American dealer network who hold the titles of President, Vice President or Director. One of the more recognized initiatives within Caterpillar's Global Supply Network Division is the Caterpillar Inc. Proprietary Information Supplier Diversity Program which spurs economic growth by increasing business opportunities to minority-owned, women-owned, veteran and service disabled veteran-owned, small disadvantaged businesses and those certified in HUBZones, all while ensuring expectations are met with regards to quality, velocity, capacity, and cost. Currently more than 37% of our direct and indirect purchasing is conducted with suppliers in these categories. Caterpillar is a proud member of the National Minority Supplier Development Council (NMSDC). We also use the System for Award Management (SAM), SBA, and NMSDC databases to locate SDB, VOSB, SDVOSB and HUBZone suppliers. Supplier Diversity is discussed with Global Supply Network Division leadership during the Monthly Operating Results Review meetings. This in turn forces accountability for supplier inclusion by measuring drivers, such as the number of sourcing projects, which include Divers Suppliers and the values of the projects in which they participate. The goal is to create greater transparency to determine which teams are creating inclusive environments and which are not. For more detail, please see our attached 2021 Global Diversity & Inclusion Report in the Additional Documents folder.

45	What unique attributes does your company, your products, or your services offer to Sourcewell participating entities? What makes your proposed solutions unique in your industry as it applies to Sourcewell participating entities?	BEST OVERALL VALUE / LOWEST LIFE CYCLE COST: Cat products deliver the best value for the money. While we rarely have the lowest initial purchase price, we are happy to demonstrate to customers that our machines offer the lowest overall owning and operating costs when factors such as fuel efficiency, repair frequency, productivity, and resale value are factored in. We believe that government agencies are tasked to be the best stewards of taxpayer funds and our products can prove that they are the best solution. Sourcewell members are in the best position to allow these discussions to take place in contrast to a local bid situation where the focus is often only on initial price. CAT SAFETY SERVICES / SAFETY FEATURES: In addition to the tangible, measurable aspects of the life cycle cost equation, we also bring our focus on safety to every product that we manufacture. Quantifying a human life or debilitating injury is impossible, but each machine has industry-leading features that strive to minimize the possibility for accidents. In addition to built-in safety features, we also offer products and services that are unique in the industry. Cat Safety Services include, but are not limited to, the following: Safety Perception Survey - Used to establish a baseline safety-culture assessment by measuring employee perceptions and gaps in beliefs between management and employees on the front line across 20 Safety Culture Indicators. Safety Leadership Assessment - Used to measure individual safety leadership capability around four domains of safety leadership. Worksite Assessment - Compares onsite observations of safety practices and employee interview data to the documented processes and procedures. Continuous Improvement Process - Involving all levels of the organization to generate engagement, involvement, and ownership in the safety improvement process. Training - can be conducted with e-learning courses on http://safelyhome.cat.com, instructor led training products or as Supplier-facilitated workshops. Topics available include, but are not limited to, safety culture, effective communication, supervisor safety training, recognition, etc. Fleet Management & Services through Caterpillar Job Site Solutions: We leverage the power of Caterpillar and our dealers by designing innovative solutions that solve customer problems and that have a positive impact on their bottom line. We approach each site differently, striving to deliver exactly what's needed — no more, no less. Every solution includes a unique mix of Caterpillar and dealer capabilities using industry best products, technology, services and expertise necessary to meet the customer's definition of success. The goal is to leave customers better off tomorrow than they are today. Details on products and services are available at www.cat.com/safety. Table 9: Warranty

Describe in detail your manufacturer warranty program, including conditions and requirements to qualify, claims procedure, and overall structure. You may upload representative samples of your warranty materials (if applicable) in the document upload section of your response in addition to responding to the questions below.

Line Item	Question	Response *
46	Do your warranties cover all products, parts, and labor?	Caterpillar has extensive warranty coverage. Please see our warranty statements attached in the warranty information documents.
47	Do your warranties impose usage restrictions or other limitations that adversely affect coverage?	Please see applicable warranty statements in the attached documents.
48	Do your warranties cover the expense of technicians' travel time and mileage to perform warranty repairs?	Caterpillar does not cover travel time and mileage. Dealer service territories vary considerably from state to state as do their policies about travel time and mileage during the warranty period.
49	Are there any geographic regions of the United States or Canada (as applicable) for which you cannot provide a certified technician to perform warranty repairs? How will Sourcewell participating entities in these regions be provided service for warranty repair?	One of our key differentiating strengths is our ability to service equipment regardless of where it is located. Please see applicable warranty statements in the attached documents.
50	Will you cover warranty service for items made by other manufacturers that are part of your proposal, or are these warranties issues typically passed on to the original equipment manufacturer?	Warranty service for machines ordered from a Caterpillar facility are generally provided by Caterpillar and performed by Cat dealers. Some items, such as tires, are covered under their manufacturers' warranties.
51	What are your proposed exchange and return programs and policies?	Please see applicable warranty statements in the attached documents.
52	Describe any service contract options for the items included in your proposal.	We have a large variety of service contract options which can all be customized according to customer needs. Below are just two examples. More solutions are available and we encourage members and dealers to explore all options. 1) Equipment Protection Plans (EPP): After the initial warranty period ends, members may choose to purchase additional protection plans to reduce their exposure to unplanned costs. These policies are written based on months and hours of operation. There are four standard levels of coverage: 1) Powertrain 2) Powertrain + Hydraulics 3) Powertrain + Hydraulics + Technology 4) Premier A description of all these options is included in the attached Equipment Protection Plans document. EPP can be purchased at the same time as the machine purchase, or anytime before the standard warranty expires. 2) Customer Value Agreements (CVA's): A member may choose to enter into an agreement with their Cat dealer to perform routine maintenance and/or repairs. These contracts are customizable based on member needs. The selling Cat dealer can take responsibility for some or all the required service and maintenance needs to allow the agency to gain efficiency by focusing on the performance demands more than maintenance. CVA's are a useful tool to manage expenses. CVAs can be purchased at the same time as the machine purchase, or anytime after. Cat Financial also offers CVAs, which can be performed by Cat dealers in the United States, and are particularly helpful for customers who move their machine fleet to multiple locations which may have different servicing Cat dealers.

Table 10: Payment Terms and Financing Options

Line Item	Question	Response *
53	Describe your payment terms and accepted payment methods.	Cat dealers are independently owned businesses. As such their payment terms and accepted payment methods vary, but all will be stated on individual invoices. The most common terms are net 30.
54	Describe any leasing or financing options available for use by educational or governmental entities.	We offer both leasing and financing options to governmental members of Sourcewell at rates lower than available to the general public. Caterpillar has its own financing arm, Cat Financial. Cat Financial was founded in 1981 and serves Cat customers and dealers. With over 1,900 employees, Cat Financial is active in more than 40 countries covering more than 148,000 customers worldwide. Cat Financial offers you a complete solution for your acquisition needs: - Equipment & Attachments - Parts - Service - Rebuilds Financial products are aligned and customized with the project and work site requirements such as operating lease, loan or finance lease. Find more information from Cat Financial here: https://www.catfinancial.com/en_US.html/
55	Describe any standard transaction documents that you propose to use in connection with an awarded contract (order forms, terms and conditions, service level agreements, etc.). Upload a sample of each (as applicable) in the document upload section of your response.	Cat dealers are independently owned businesses. As such their standard transaction documents will vary.
56	Do you accept the P-card procurement and payment process? If so, is there any additional cost to Sourcewell participating entities for using this process?	Because Cat dealers will be receiving payments directly from members, accepting P-card procurement will be at their discretion. Many dealers do accept this method without additional fees. Some have limitations on the amount that can be processed.

Table 11: Pricing and Delivery

Provide detailed pricing information in the questions that follow below. Keep in mind that reasonable price and product adjustments can be made during the term of an awarded Contract as described in the RFP, the template Contract, and the Sourcewell Price and Product Change Request Form.

Line Item	Question	Response *
57	Describe your pricing model (e.g., line-item discounts or product-category discounts). Provide detailed pricing data (including standard or list pricing and the Sourcewell discounted price) on all of the items that you want Sourcewell to consider as part of your RFP response. If applicable, provide a SKU for each item in your proposal. Upload your pricing materials (if applicable) in the document upload section of your response.	We offer a deep list discount off the current Caterpillar machine and work tool list prices to all Sourcewell members. We have provided base machine list pricing in the document pricing section. Base machines must be properly configured with other mandatory and optional items from the price list before they are considered operational. For the execution of the agreement we will ask our Cat dealer and Sourcewell member to use the Caterpillar price list that is current at the time of the quote. Dealers, in consultation with the member, will configure the machine to the desired specifications and apply the stated list discount to that configured list price amount. Dealer and members should remember to factor in any expected price increases if a machine will be built to order. The pricing document, in the applicable pricing document attachment section, shows the list discount offered for each new machine. Additionally, we are pleased to offer a list discount of 15% off all products and consulting services under Cat Safety Services.
58	Quantify the pricing discount represented by the pricing proposal in this response. For example, if the pricing in your response represents a percentage discount from MSRP or list, state the percentage or percentage range.	Pricing in this proposal is a percentage discount from list on current machine and work tools list prices. Our discount range varies between 10 - 26% off of the list price depending on the product family or model.
59	Describe any quantity or volume discounts or rebate programs that you offer.	Our dealers are empowered to consider purchase order volume, repeat purchases, etc. They may offer members additional discounts and /or services at their discretion.
60	Propose a method of facilitating "sourced" products or related services, which may be referred to as "open market" items or "nonstandard options". For example, you may supply such items "at cost" or "at cost plus a percentage," or you may supply a quote for each such request.	Sourced goods / Open Market Items are available to members from Cat dealers. The prices for these goods or services will represent fair marketing value and will be determined between the member and the selling dealer. We encourage our dealers and members to use these options as it facilitates complimentary products and streamlines the procurement process. Customers and dealers are responsible for including their Sourcewell member numbers on all documentation related to these purchases. Caterpillar Inc. is not a party to these sales and is exempted from including them in quarterly reports. For audits, inclusion of a customer's Sourcewell member number on the PO and /or invoice shall be deemed sufficient.
61	Identify any element of the total cost of acquisition that is NOT included in the pricing submitted with your response. This includes all additional charges associated with a purchase that are not directly identified as freight or shipping charges. For example, list costs for items like pre-delivery inspection, installation, set up, mandatory training, or initial inspection. Identify any parties that impose such costs and their relationship to the Proposer.	Machines are unique in their requirements for preparation prior to use. Some may require local final assembly due to their large size others may have locally installed options (fire suppression, beacons, auto lube systems for example). When a dealer issues a quote for a machine, any dealer costs (like pre-delivery inspection, installation, set up, training, etc.) will be itemized separately and are not subject to the Caterpillar list discount for Sourcewell members.
62	If freight, delivery, or shipping is an additional cost to the Sourcewell participating entity, describe in detail the complete freight, shipping, and delivery program.	There is no additional cost to members who choose to pick up their machines from the Cat dealer. Dealers may charge fees for delivery to the Sourcewell member's location.
63	Specifically describe freight, shipping, and delivery terms or programs available for Alaska, Hawaii, Canada, or any offshore delivery.	Just as for members in the 48 contiguous states, there is no additional cost to members who choose to pick up their machine from their Cat dealer. Dealers may charge fees for delivery to the Sourcewell members' location.
64	Describe any unique distribution and/or delivery methods or options offered in your proposal.	Machines are large purchases and if there are unique Sourcewell member requirements our dealers will be happy to discuss on a case by case basis.

Table 12: Pricing Offered

65	b. the same as the Proposer typically offers to GPOs, cooperative procurement organizations, or state purchasing departments.	Caterpillar wants to provide the governmental customer the best list discount possible to allow them to be good stewards of tax-payers funds. We want our governmental customers to have the ability to choose which cooperative contract better fits their needs.

Table 13: Audit and Administrative Fee

Line Item	Question	Response *
66	Specifically describe any self-audit process or program that you plan to employ to verify compliance with your proposed Contract with Sourcwell. This process includes ensuring that Sourcwell participating entities obtain the proper pricing, that the Vendor reports all sales under the Contract each quarter, and that the Vendor remits the proper administrative fee to Sourcwell. Provide sufficient detail to support your ability to report quarterly sales to Sourcwell as described in the Contract template.	We plan to continue our very robust process to ensure reporting speed, accuracy, and contract compliance. Caterpillar and Cat dealers have very close and trusting relationships. Cat dealers are long-established, and the current process (under contract #032119-CAT) is working well. 1) To ensure pricing accuracy, we maintain our current Sourcwell customer discount sheet on our dealer facing pricing pages. Dealers integrate these numbers automatically in their quoting software. 2) To ensure new machines and work tool sales are recorded properly, we use our post-sale credit system. In a nutshell, this means that we corporately support the pricing offered in this contract at a level below what's available to other customers. To receive this additional monetary support after the machine is delivered, dealers must supply the member's name, address, and member number. There is no additional burden or cost to our dealers to use the Sourcwell contract and this is part of the reason for their high engagement and our high reporting accuracy. 3) At month end, we gather the new machine and work tool sales data attributed to Sourcwell and aggregate it for our reporting. 4) After quarter end, we will send the quarterly sales report and administration fee payment to Sourcwell for all items that are subject to the administrative fee.
67	If you are awarded a contract, provide a few examples of internal metrics that will be tracked to measure whether you are having success with the contract.	We regularly track the % of sales that are sold using a cooperative contract. We will continue this practice if we are awarded a contract for RFP 020223.
68	Identify a proposed administrative fee that you will pay to Sourcwell for facilitating, managing, and promoting the Sourcwell Contract in the event that you are awarded a Contract. This fee is typically calculated as a percentage of Vendor's sales under the Contract or as a per-unit fee; it is not a line-item addition to the Member's cost of goods. (See the RFP and template Contract for additional details.)	Per amendment #1 to Contract #032119-CAT, we will be pleased to offer an administrative fee of 0.33% of Caterpillar's list price for each piece of new equipment and serialized work tools purchased by Sourcwell's Participating Entities. Caterpillar will pay this fee and will not ask dealers or members to pay the fee.

Table 14A: Depth and Breadth of Offered Equipment Products and Services
